The undermentioned Co-operative Society has been registered under Section 6, clause (2), of the Mysore Co-operative Societies Regulation, III of 1905, with effect from the date mentioned against it :—

Name.	*Place.*	*Registration.*
Chikballapur Co-operative Society, Limited.	Chikballapur	1st June 1910.

M. SHAMA RAO, *Registrar.*

CENSUS DEPARTMENT.

OFFICIAL MEMORANDUM.

No. 261, *dated* 8—9*th June* 1910.

Provisional estimate of the number of sheets which should be printed of each Census Form (1 to 9) assuming that each form is to be written up on both sides of the paper :—

N. B.—The number estimated in the following lines are those to be supplied by the Press to District Officers direct on their indents, and *are exclusive of the first* 200 *copies to be supplied in each case to the Census Head Office* on the Census Superintendent's requisition made in each case.

FORM No. 1.

General Register of Villages.

(In Diglot Headings.)

There are 32,036 villages and hamlets in the Province. At 60 village names per sheet we shall require 534 sheets; and taking 4 for an average of the number of eligible enumerators whose names have to be entered in this register as in last Census, the number of sheets required would be 4×534=2,136. As each hobli is to begin on a fresh sheet and there are about 410 hoblis including the mohallas or divisions of the three cities, it would be safe to add this number of sheets which would make the total 2,546. With a margin of 50% for contingencies, the number would be 3,819 and with a reserve of 681, the number required to be printed would be 4,500. To be distributed as follows :—

Bangalore	... 542
Kolar	... 544
Tumkur	... 501
Mysore	... 575
Hassan	... 450
Shimoga	... 582
Kadur	... 387
Chitaldrug	... 238
Reserve	... 681
Total ..	4,500

(The number actually distributed in 1901 was 4,017.)

Instructions on Form No. 1, *General Register of Villages.*

(In Diglot Headings.)

There would be required one set of instructions per book of the Register of Villages (Form No. 1). Taking one book for hobli, we would require 410. With a margin of 50%, the number would be 615. With a reserve of 485, the number needed would be 1,100, which may be distributed as follows :—

Bangalore	... 90
Kolar	... 100
Tumkur	... 75
Mysore	... 127
Hassan	... 60
Shimoga	... 60
Kadur	... 56
Chitaldrug	... 47
Reserve	... 485
Total ...	1,100

(The number distributed in 1901 was 1,188, the number of hoblis having been reduced since 1901.)

FORM No. 2.

Abstract of Village Register.

(In Diglot Headings.)

For each taluk and sub-taluk there would be required one for fair copy and another for office copy, and one set for the provisional and another for final abstract. There being altogether 79 taluks and sub-taluks in the Province, there would be required 79×4=316. Allowing for a duplicate to be retained in the District or Sub-Divisional office, the number

would be 632. With a reserve of 368 for contingencies and wastage, the number required would be 1,000, the same as was estimated in the last Census. They may be distributed as follows:—

Bangalore ...	80
Kolar ...	88
Tumkur ...	80
Mysore ...	120
Hassan ...	64
Shimoga ...	72
Kadur ...	56
Chitaldrug ...	72
Reserve ...	368
Total ...	1,000

(The number distributed in 1901 was 1,016.)

FORM No. 3.

Second Abstract of Village Register.

(In Diglot Headings.)

As in the case of Form No. 2, the number required is 1,000.

FORMS Nos. 4, 5 and 6.

These are for the Municipalities of Bangalore and Mysore, and the Kolar Gold Fields, what forms Nos. 1, 2 and 3 are for rural areas and will not be printed as form Nos. 1, 2 and 3 can be used with the verbal alterations prescribed in the Code.

FORM No. 7.

Circle List.

(In Diglot Headings.)

The name of 60 blocks can be entered one per line in one sheet of this form. On an average therefore one sheet per circle would suffice. There were 2,354 Census Circles in 1901 and 25% more may be taken for 1911, say 2,950. As these will be transcribed from the General Register of Villages (Form No. 1) no separate office copy will be required. But as the Circle List has to be prepared in duplicate, the number of sheets required would be 5,900. With a margin of 50% for contingencies the number may be taken at 8,850. With a margin of 650 to be held in reserve the number required would be 9,500 which may be distributed as follows:—

Bangalore ...	1,476
Kolar ...	1, 52
Tumkur ...	1,029
Mysore ...	1,485
Hassan ...	969
Shimoga ...	990
Kadur ...	870
Chitaldrug ...	879
Reserve ...	650
Total ...	9,500

(The number distributed in 1901 was 8,912.)

FORM No. 8.

House List. (In Diglot Headings.)

The House List also contains space for 60 names per sheet. There will be a separate list for each village. There are about 19,346 *asli* villages. On an average of three sheets per village there will be required 58,038 sheets. As the house lists have to be written up in duplicate as required in Article 22, Section V of the Census Procedure Code, we shall require 116,076 sheets. With a margin of 50 per cent for contingencies the number may be taken at 174,114 sheets. With a margin of 9,886 for reserve on account of the increase in the number of houses in the decennium, the number required to be printed would be 184,000. These may be distributed as follows:—

Bangalore ...	25,164
Kolar ...	31,014
Tumkur ...	24,525
Mysore ...	28,953
Hassan ...	22,653
Shimoga ...	18,180
Kadur ...	10, 62
Chitaldrug ...	13,563
Reserve ...	9,886
Total ...	184,000

(The number distributed in 1901 was 183,476.)

FORM No. 9.

Block List.

(In Diglot Headings.)

There will be one Block List for each block and one sheet with ruled space for 60 names will be required for each block. In 1901 there were 30,434 blocks. Adding 20% to this we may have 36,520 as the number of blocks in 1911; and we shall require as many sheets. With a margin of 50% for contingencies such as experiments in enumeration, etc., the number may be taken at 54,781. With a reserve of 3,219 forms the number required to be printed is 58,000 which may be distributed as follows:—

Bangalore ...	7,099
Kolar ...	8,500
Tumkur ...	8,026
Mysore ...	10,288
Hassan ...	6,759
Shimoga ...	5,613
Kadur ...	4,095
Chitaldrug ...	4,401
Reserve ...	3,219
Total ..	58,000

(The number distributed in 1901 was 53,010.)

Summary.

A summary of the foregoing estimates worked out in detail for each district is attached. They do not profess to be final, but the Deputy Commissioners may find them useful as giving a rough forecast of their requirements.

A sample of each of the forms referred to above, showing the quality of paper, size and headings is herewith sent to the Superintendent, Government Press, who is requested to print off the forms as detailed above and supply them to the Deputy Commissioners on their indents. Separate instructions will be issued later on regarding the schedules and other Census Forms as they are necessary only when the Census officers enter on the scene of operations.

N. B.—The above number is exclusive of the 200 copies of each form which will be sent to the Census Superintendent's office.

Circular No. 273-80, *dated* 13*th June* 1910.

With the approval of the Revenue Commissioner, the Census Superintendent issues the following Circular.

2. The Census Procedure Code for 1911 is in the Press and copies thereof in English and Kanarese will be soon forwarded to the Deputy Commissioners of Districts for distribution to their subordinate officers and to the Census officers to be appointed under the Code.

3. The form of a Code has been adopted, as during the last Census, to simplify correspondence and to facilitate the communication of additions and alterations to the Code.

4. As the Code consists of eleven sections, the following abstract thereof will be found useful by the officers entrusted with the Census operations :—

(*a*) Section I is preliminary and gives in brief compass the general plan of work from the beginning to the end, *i e.*, the distribution of districts into Census Divisions and the numbering of houses and buildings to the abstraction and tabulation and review of the information contained in the Census schedules.

(*b*) Section II deals with the explanation of the terms used in Census work and requires close attention and study of all officers, as these terms will be frequently used in correspondence connected with the Code.

(*c*) In Sections III and IV instructions are laid down for the Census Divisions in rural and urban areas respectively and for the preparation of the necessary registers in connection therewith.

(*d*) Section V lays down the rules for house-numbering in rural and urban areas, and this operation requires great care and assiduity on the part of the village, taluk and Municipal officers.

(*e*) Sections VI to VIII are primarily addressed to enumerators and furnish instructions to them in the filling up of their schedules and enumeration books. It will be observed that the six columns prescribed in 1900-01, in addition to those in the British Indian schedules, have been omitted from the schedules now prescribed.

Section IX lays down the duties of Supervisors, while in Section X the mode of telegraphing the Provisional totals is set forth, and Section XI deals with the Census of the Railways on which the jurisdiction vests in the Durbar.

5. The Deputy Commissioners of Districts are requested to invite the special attention of their subordinate officers to paras 8 and 11 of Section III and paras 7 and 8 of Section IV, in which dates are fixed for the sending up of abstracts of village or mohalla register (Forms Nos. 2, 3, 5 and 6) and illustrative maps and to see that they are forwarded punctually to the Census Superintendent.

6. Forms 1 to 9 prescribed in the Code are in the Press and the required number of sheets will be forwarded to the Deputy Commissioners on their indents and they should be distributed to their subordinate officers according to requirements for the writing up of the registers and abstracts connected with the Census Divisions and house-numbering, these operations being ancillary to the preliminary enumeration and having to be done by the ordinary Revenue and Municipal agency. A separate memo will also be circulated on this point.

7. The other forms prescribed in the Code will be supplied later on after these preliminary operations are completed by the Revenue and Municipal agency, and the Census officers enter on their duties.

8. It is requested that the Deputy Commissioners of Districts will be so good as to give their close attention to the subject and arrange for the energetic and methodical carrying out of the instructions contained in the Code.

V. R. THYAGARAJA IYER,
Census Superintendent.

A. 715-06, dated 2nd May 1907, and this office Circular No. 6402-70—A. C. 1036, dated 8—15th May 1907. If the month and the year is known, but not the ex ct date, the 15th of the month, and if the year only is known the 1st July should be taken as the date of birth This date can only be altered under the orders of Government, except in the case of a clerical error. It should be noted that the column "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(*c*) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not. If a post be vacant, the word *vacant* should be set against it in the column of "*Name of incumbent.*"

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of incumbent*" beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 4 should be given at back of the original return Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year ; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished : and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required

in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 286 of the Mysore Service Regulations). The name of an officer, who is in transit to another office on the 1st July, should be shown in the return of the office from which he has been transferred, with a note that he is in transit.

When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

N. B.—(1) A special report from the head of the office that he has personally satisfied himself of the correctness of the entries in the schedule by checking a few items in the service register with the schedules should also be furnished.

(2) The Comptroller may call upon the head of office to send a few service registers for test and check with the schedules.

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

II. Read the General and Revenue Secretary's letter No. 8418—L. B. 50-09-8, dated the 26th March 1910, stating that the Secretary to the Chief Commissioner of Coorg now enquires whether the District Board of Hassan will undertake the construction of the road from Konanur to Banavar, lying in their jurisdiction, and provide for its annual maintenance in case they are allowed to establish a toll-gate, and to divide the toll proceeds with the Coorg District Board equally, and not according to any proportion, and that the condition that the Hassan District Board should spend a certain amount on the work be omitted, and requesting that this subject be placed before the District Board and a copy of their resolution submitted.

Resolution.—Resolved that the previous resolution No. V., dated 13th December 1909, of this Board be confirmed, and further resolved that this Board are willing to undertake the improvement of the cart-track into a District Fund road as sufficient funds become available for the purpose from toll realisations, which realisations may be equally shared by this Board and the Coorg District Board as desired by the latter, provided that the working and control of the toll-gate be vested in this Board.

III. Read Government Proceedings No. 8885-925—L. B. 405-08-6, dated 6th April 1910, according sanction to the levy of toll near Karehalli in Channarayapatna Taluk from 1st July 1910, on conveyances and animals passing along the Tiptur-Channarayapatna road, at rates prevailing at the Dudda toll-gate, and to the division of the net income between the Hassan and Tumkur District Boards in proportion to the length of the road lying in the respective districts, *viz.*, 21:6, that the management of the toll-gate will vest in the Hassan District Board and that for the first year 1910-11, it will be worked departmentally with an establishment and contingencies costing Rs. 35 per mensem.

Resolution.—Recorded and resolved that, as it is quite necessary to have a mutsaddi and a peon to support the mutsaddi in the event of opposition at each toll-gate,

Government be moved to sanction two peons on Rs. 6 each instead of the 3rd mutsaddi on Rs. 10, which will be an increase of Rs. 2 per mensem.

Further resolved that pending receipt of Government sanction two mutsaddis on Rs. 10 each and 2 peons on Rs. 6 each be entertained as the "Amani" establishment to work the double toll-gate, the cost being met out of Rs. 400 under "X. Resolution.—Resolved that, as the correspondence of the District Fund Department with Taluk Boards and the Amildars is even now carried on in Kanarese and as the resolutions of the District Board are translated into Kanarese, published in the Gazette and separate Kanarese printed copies sent to the District Board members unacquainted with English, this Board are of opinion that no change from the existing procedure is either called for or necessary.

Resolution.—Resolved that this Board are still in accordance with the former resolution No. X, dated 21st February 1910. of the District Board, as it is not possible to have a Vaidyasala at both Harnahalli and at Javagal, owing to paucity of District Funds and it is more necessary to have such an institution at the latter-mentioned place.

(*b*) Also read the resolutions of the Taluk Boards.

Resolution.—Resolved that this Board are of opinion that the working of the proposed rules will be found very difficult even in villages where the extent of gomal lands is more than actual requirements; and it therefore appears desirable to request each Amildar, after having the rules read in Kanarese to the villagers, to ascertain and report in how many villages in his taluk the inhabitants are willing to adopt the rules, as without the co-operation of the majority of the inhabitants of a village, the working of the rules will not be practicable.

N. B.—All the Amildars and the Deputy Amildar of Harihar, except the Amildar of Jagalur, were present.

I. Read and recorded the proceedings of the meeting of the Board held on the 14th February 1910.

II. Read General and Revenue Secretary's docket No. 9491-8—L. B. 281-09-2, dated 22nd April 1910, calling for the opinion of the Board on Dasara Representative Assembly Subject No. 171, Part I of 1909, *re* the correspondence of the District Board being conducted in Kannada.

Resolution.—The correspondence between the Union, Taluk Board and District Board and *vice versa* is always conducted in Kanarese. The subjects placed before the Board are discussed in Kanarese and the resolutions are recorded in English. The English copy of the proceedings together with a Kanarese translation thereof is published in the *Mysore Gazette*, and copies of the latter are sent to all the members for information. It is therefore resolved that the present practice alone be continued.

III. Read Chitaldrug Division Executive Engineer's docket No. 283, dated 6th April 1910, requesting that the contribution towards the construction of the quarters for the Hospital Assistant and midwife at Hiriyur, may be credited to the Public Works Department (sanctioned estimate Rs. 3,802).

Resolution.—The orders of Government are that the cost of constructing dispensaries, quarters for medical subordinates should be borne in equal proportions by the Provincial, District and Municipal Funds. The annual income of the District Funds from all sources is about Rs. 67,000. Out of this sum, a major portion as noted hereunder is utilized on account of establishment and other annual recurring charges :—

	Rs.
Civil charges	32,000
Works to be executed by Public Works Department ..	24,000
Total ...	56,000

The balance of Rs. 11,000 is being spent on works such as sinking wells, etc. This small sum is hardly enough to meet the current requirements in this arid district where great difficulty is experienced for water. Invariably we meet with rocks in our attempt to sink wells which cost enormous amounts. There are several villages which are suffering from scarcity of water and whose needs demand special consideration on sanitary grounds. Further most of the Municipalities in the district have very limited sources of income, and can ill-afford to spare any funds for other than ordinary works of sanitary improvements, etc. If they are required to pay contribution towards the construction of dispensaries, quarters, etc., the ordinary works will have to be given up entirely. Under these circumstances, the Board have resolved that Government be approached to relieve the District and Municipal Boards from paying contributions for the purpose referred to above in the district, and that the entire cost be met from Provincial Funds or Local Funds General, the cost of maintenance and repairs being borne by the Provincial, District and Municipal Funds in equal proportions as at present.

IV. (*a*) Read Senior Surgeon's docket No. 4955, dated the 30th March 1910, forwarding an estimate for Rs. 369 for repairing the dispensary at Challakere.

Resolution.—The necessary contribution will be placed at the disposal of the Public Works Department.

(*b*) Read also Senior Surgeon's No. 4876, dated 26th March 1910, forwarding an estimate for Rs. 99 for repairs to the *post-mortem* room at Harihar.

Resolution.—As the question of shifting the *post-mortem* room at Harihar to some distant place is under contemplation, the subject is deferred for the next meeting for consideration.

V. Read Chitaldrug Taluk Amildar's report No. 1110, dated 18th March 1910, forwarding a bill for Rs. 695-11-5, being the proportionate rent due to the District Board from Government for locating the Taluk Cutcherry in the front portion of the Chamraj Memorial Hall at Chitaldrug from 7th September 1908 to 18th February 1910.

Resolution.—A rent of Rs. 60 per mensem has been sanctioned in Government Proceedings No. R. 5629-30—L. B. 250-09-2, dated 10th February 1910, for locating the Taluk Cutcherry in a rented building in the town. As the Taluk Cutcherry was located in the Chamraj Memorial Hall from 7th September 1908 to 18th February 1910, which is maintained from the District Funds, it is but right that Government be requested to pay reasonable rent to the District Funds. The bill for Rs. 695-11-5, being the rent due at Rs 40 per mensem for the above period be sent up to Government for sanction.

VI. Read Davangere Assistant Commissioner's yadi No. 1404, dated 1st March 1910, regarding the location of a lamp-post near the travellers' bungalow at Hosdurga at the cost of District Funds, as the bungalow is situated outside the limits of the Municipality.

Resolution.—Resolved that Rs. 21, being the cost of purchasing the lamp-post, etc., as well as the monthly lighting charges be met from District Funds.

VII. (*a*) Read General and Revenue Secretary's No. 8137—Med. 91-09, dated 17th March 1910, calling for the views of the District Board in the matter of the opening of a Local Fund Dispensary at Bharmasagara.

(*b*) Senior Surgeon's letter No. 5233, dated 9th April 1910, furnishing information as regards the recurring and non-recurring charges in case a dispensary is to be located at Bharmasagara.

Resolution.—The Senior Surgeon states that an initial cost of Rs. 470 for supplying furniture, etc., as well as a recurring charge of Rs. 53 per mensem or Rs. 636 annually in addition to rent for hiring a building, is necessary to establish a dispensary at Bharmasagara. As the financial condition of the District Board does not admit of meeting the above charges at present, it was unanimously resolved that a Hindu Vaidyasala be established temporarily in view of the unhealthiness of the place as well as the surrounding villages at a cost of Rs. 204 per annum as noted below. The question of establishing a dispensary at this place may be considered when funds become available :—

VIII. Read Chitaldrug Amildar's report No. 111, dated 19th March 1910, reporting that the present pay of Rs. 3 of the care-taker of the rest-house at Kallahalli be raised to Rs. 5, and he be made to look after both the rest-house and the Public Works Department inspection lodge to be handed over to the District Board.

Resolution.—Resolved that the pay of the present care-taker of the rest-house at Kallahalli be raised to Rs. 4, and that he be appointed to look after both the rest-house and the inspection lodge.

IX. Read Chitaldrug Sub-Division Assistant Commissioner's No. 1032, dated the 18th April 1910, submitting for sanction a revised estimate for Rs. 528 for completing the well at Hemmanaghatta in the Chitaldrug Taluk.

Resolution.—Approved. The estimate be sent up to Government for sanction.

X. Read Davangere Sub-Division Assistant Commissioner's yadi No. 1449, dated 7th March 1910, recommending the establishment of a Hindu Vaidyasala at Mayakonda in the Davangere Taluk.

Resolution.—Resolved that there is no necessity for opening vaidyasala at Mayakonda as there is railway communication to Davangere, and as it is not such an unhealthy place as to require the location of a native dispensary.

XI. Read petition dated the 10th May 1910, from the sweeper of musafirkhana at Bommagondanakere in the Molakalmuru Taluk, praying that his pay may be raised from Rs. 3 to 4 per mensem.

Resolution.—Some of the care-takers and sweepers of musafirkhanas and rest-houses in the district are at present getting Rs. 3 per mensem. This is quite insufficient to maintain themselves in these days of high prices. It is therefore resolved that the pay of all those care-takers who are getting Rs. 3 per mensem be raised to Rs. 4 in the district for the musafirkhanas noted below at a cost of Rs. 96 per annum.

1. Chitaldrug-Vizapur musafirkhana sweeper.
2. Hiriyur-Iyamangala musafirkhana sweeper.
3. Do Yeraballi do
4. Do Javagondanahalli do
5. Molakalmuru-Hanagal do
6. Do Bommagondanakere do
7. Do Thammenahalli rest-house care-taker.
8. Do Amkundi.

XII. Read Hiriyur Taluk Amildar's report No. 76, dated the 27th April 1910, submitting a bill for Rs. 76 for supplying vessels to the inspection lodge at Marikanave.

Resolution.—Resolved that the estimate for Rs. 76 be sanctioned.

XIII. Read list of works sanctioned by the President in anticipation of the Board's approval up to 15th May 1910.

Resolution.—Approved.

XIV. Read Chitaldrug Taluk Amildar's report No. 2068, dated 7th April 1910, recommending the establishment of a Hindu Vaidyasala at Hireguntanur in the Chitaldrug Taluk.

Resolution.—It is a well known fact that Hireguntanur and its surrounding villages are unhealthy. The Board being alive to the necessity of medical aid to treat the sick., resolved that a Hindu Vaidyasala be established at this place at a cost of Rs. 204 per annum.

	Rs.
Pay of pandit	... 12
Contingencies	... 5
Total	... 17 per mensem.

XV. Read Hiriyur Taluk Amildar's report No. 274, dated 2nd March 1910, submitting for sanction an estimate for Rs. 663 for sinking a well at Hariyabbe.

Resolution—Approved. The estimate be sent up to Government for sanction.

XVI. Read yadi No. 1095, dated 3rd May 1909, from the Assistant Commissioner, Chitaldrug Sub-Division, recommending the remission of the house tax in Parasurampura Union for the years 1907-08 and 1908-09, and the levy of house tax of Rs. 243 according to the revised list from 1909-10.

Resolution.—On account of scanty rainfall in these parts there was no crop for the last three or four years, in consequence of which the people of this place suffered seriously, and remissions and suspensions of revenue were generously granted by Government. The people have been reduced to straitened circumstances and are unable to bear the brunt of additional taxation. Agreeing with the opinion of the Assistant Commissioner, the Board resolved that a recommendation be sent up to Government for the remission of house tax due from the villagers for the years 1907-08, 1908-09 and 1909-10.

The valuation of houses being considered heavy, it has been revised and the amount of tax is fixed at Rs. 243 per annum. This is approved.

XVII. Read and recorded:—

1. Government Proceedings No. 9264-73—L. B. 231-07-15, dated 15th April 1910, directing that the tax on vacant building sites and hittals in all Unions be assigned to the District Boards concerned.

2. Government Proceedings No. 9115-28—San. 104-09-4, dated 12th May 1910, sanctioning for a further period of six months the system of paying rewards to the inoculated persons of the cooly classes.

3. Government Proceedings No. 9454-6—L. B. 301-09-2, dated 21st April 1910, approving the holding of a weekly market at Hadadi, Davangere Taluk, on every Tuesday.

XVIII. *Resolved* that the next meeting of the Board be held on the 15th August 1910.

EXCISE DEPARTMENT.

SALE OF COUNTRY BEER TAVERNS IN THE BOWRINGPET TALUK FOR 1910-11.

Notice No. 430, dated 13th July 1910.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the taverns established in Bowringpet and the Kolar Gold Fields for the eleven months beginning with 1st August 1910 and ending with 30th June 1911, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the District concerned or other officer authorized by him.

2. The exclusive privilege will first be put up to auction at an upset price fixed at Rs. 250 per mensem. If there are no bids for or above the upset price then it will be put up to auction at the upset price of Rs. 35 per Hogs-head of Beer or Porter which will be sold in the taverns at Bowringpet and the Kolar Gold Fields.

3. The manufacturers of Beer may bid for or purchase the taverns.

4. Each bidder at the auction shall deposit a sum of Rs. 250 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

5. As soon as the auction is completed, the deposits made by the unsuccessful bidders, will be returned to them.

6. The person to whom the tavern has been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of Rs. 500 for each tavern knocked down to him or such other reasonable amount as may be fixed by the Deputy Commissioner according to the value of each tavern; and shall take out licenses and execute counterpart-engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the tavern will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

7. Resales effected under para 6 *supra*, will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

8. The license to be taken out under para 6 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends to the sale of Country Beer or Porter brewed on the Nilgiris in Breweries which may be approved of by the Government or by Messrs. Dated 13th July 1910.

The co-operative movement is mainly an economic movement, and not a movement of mere philanthropy or pure benevolence. It aims at providing ready credit at reasonable rates of interest to the agriculturists and artizans who, in the absence of such credit, are at present much handicapped in successfully carrying on their occupations. It is well known that the raiyat has substantial security to offer in the land he possesses but, unless he combines with others of his own class, his individual credit cannot go far in securing him from the outside money-market all the money he requires for agricultural purposes. Besides money to purchase land, he also constantly needs it to buy cattle, cart, manure, seed grains, etc., for all these purposes, including the payment of kandayam, he goes now to the money lender who, with his limited resources, is often unable to help him in time, and often charges very high rates of interest. A co-operative society in the village itself, managed by honest raiyats for their own sake, will surely promote thrift and providence among the members and also bring about a spirit of mutual help, self-reliance and other kindred virtues.

For its ultimate success, the movement mainly depends upon the efforts of private gentlemen who will interest themselves in it, and to such, the following *hints* for the organization of rural Co-operative Societies are addressed:—

1. *Area.*—The area should be as compact as possible. There is no harm if a society should exist in each village. Unless the Majare villages are very near, they should be excluded. The effectiveness of co-operation consists in proximity and close touch.

2. *Secretary.*—There should be at least one literate man in the village who can intelligently keep accounts and look to correspondence in his capacity as Secretary. If such a man should not be forthcoming in any locality, it is better not to attempt the formation of societies there. In exceptional cases, one person may be made to write up the accounts of two or more societies. The Secretary should be chosen for his honesty and may, as far as possible, be paid for his work.

3. *Unlimited Liability.*—Societies in villages should be formed preferably on a basis of unlimited liability. In an "unlimited" society, all the members are jointly and severally held responsible for the liabilities or outside dues of the society. The significance of this kind of liability should be properly and unreservedly explained to the raiyats.

4. The advantages for a society in accepting unlimited liability are that it can freely attract capital from outside; that there will be rigid scrutiny in the admission of members as well as in the grant of loans to them and that a healthy spirit of self-help and other kindred virtues are developed in the members. As loans to members are given on good security, there will be no occasion for any loss, and money put into such a society is thus absolutely safe. Besides, there will be frequent inspections and annual audit. The bonds of membership in an "unlimited" society are more tight and intimate than in a limited one where, as the case may be, each member's liability runs up to the nominal value of the shares taken up by him, or to a specified sum. In an "unlimited" society the character and conduct of each member naturally comes under the scrutiny of the other members.

5. *Financing.*—There will generally be no difficulty to find funds for rural societies started as above. The Central Bank at Bangalore will be willing to advance loans to societies on the security of immovable property of the members generally at 7½ per cent per annum. The borrowing society may contract to repay the entire loan in one lump after a period of say one or two years, or by instalments. Long periods are undesirable both to the lending Central Bank and to the borrowing society.

6. The village society may also find its own capital by attracting, if it can, deposits from local members or non-members at lower rates of interest; or by having shares of small value (say Rs. 2 a share) and making each member purchase at each harvest as many shares as are conveniently within his reach.

7. *Lending.*—Loans should be given only to members on good security, the amount of each loan in the beginning being limited to small sums.

8. The purposes of each loan must be well ascertained beforehand by the *panchayat* and the period of repayment fixed according to the convenience of the borrowing member and with due regard to the financial condition of the lending society.

9. Loans should be given only for useful purposes; such as (1) purchase of bullocks, carts, manure, seed grain, (2) redeeming prior encumbrances upon land, (3) purchase of lands or houses, or their improvement. In special cases loans can be granted for non-useful purposes such as marriages, etc., if the panchayats are sure that the member is likely to borrow elsewhere at usurious rates of interest if the society refused him the loan. But such cases should be rare.

10. It is imperative that the loans should be applied strictly for the purposes for which they are borrowed. The panchayats should carefully watch this, and in case of default withdraw the loan.

11. *Rate of interest and profit.*—The society may, in the earlier stages, charge interest on loans given to members at 12 per cent per annum or any other rate which may be the ruling rate of the locality; the rate charged is likely to decrease gradually as the Reserve Fund accumulates as explained further on.

12. Suppose a society borrows at 7½ per cent and charges at 12 per cent as above, it is clear that at the end of each year there is a gain to the society of Rs. 4-8-0 on every hundred rupees borrowed. Set apart Rs. 1-8-0 out of this for working and other charges and there yet remains Rs. 3 as net gain on every hundred per year. If there should be a turn over of Rs. 2,000 in a society in a year, the net gain comes up to Rs. 60. In course of time, say within ten or fifteen years there will thus accumulate in the society a reserve of nearly Rs. 1,000 over which no member has any individual claim.

13. *Reserve Fund.*—In a rural co-operative society there should be no distribution of profits until a reserve is built up as above.

14. When the Reserve becomes a decent sum, it will then be time to reduce the rate of interest charged on loans to members.

15. The effect of the Reseve Fund is to secure stability to the society, and it should therefore be deposited under instructions from the Registrar, either in the Central Bank, or in any other bank where it shall remain safe and unoperated upon.

16. *Management.*—The management of the society must be committed to a body of panchayats *chosen* by the general-body of members.

17. The panchayat should be men of character and locally thoroughly well known. They should do business, through a Secretary, without fear or favor. On their method of business mainly rests the success or the failure of the society.

18. The panchayat should be doubly careful in *admitting members* as well as in obtaining proper *security* for every loan granted.

19. *General remarks.*—If after understanding the above general principles a number of raiyats in a village should signify their willingness to have a Co-operative Society by means of a report to the Registrar, steps will be taken to furnish the necessary bye-laws and rules, and to register the society, should the conditions be suitable.

Resolution.—Sanctioned.

18. Read correspondence ending with Shimoga Division Executive Engineer's docket No. 271, dated 7th April 1910, stating that there is every probability of the springs being struck in the well at Dodderi, if it is deepened to 40 feet, and that it is advisable to complete the well in view of the large expenditure already incurred.

Resolution.—The Executive Engineer should be asked to check the revised estimate, which may then be submitted to Government for sanction.

19. Read Secretary's docket No. 10142—L. B. 408-08-2, dated 9th May 1910, stating that four Amrut Mahal bulls have already been supplied to this district at half cost and that only one more can be supplied under the rules, and enquiring to which of the two applicants (*viz.*, Thotappaiya of Kumsi Sub-Taluk, and Halappa of Chinnekatte, Honnali Taluk) the grant of the bull would be recommended.

NOTICE.

No. 1.—The *Mysore Gazette* is published at Bangalore every Thursday. Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Departments. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges are payable *in advance.*

No. 2.—It is hereby notified that, as Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts and other private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders will be received by the undersigned except from outside the Province.

No. 3.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 4.—Communications on post-cards or on paper less than half a sheet of foolscap, will not receive attention.

No. 5.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent, later than 12 noon on Tuesdays, when such matter can without inconvenience be held over for the next week's Gazette.

REVENUE DEPARTMENT.

Circular.

No. 1956-63, *dated* 6—10*th August* 1910.

The records of sale proceedings received in appeal have disclosed various irregularities which have escaped the notice of the local Revenue officers. This is in a great measure due to want of a complete statement of the several steps which have to be taken in the conduct of sale proceedings. Statements of this kind were found in the records of some of the taluks but they did not contain all the information required. A complete statement is accordingly prepared and appended hereto and the undersigned desires that the Deputy Commissioners of Districts will insist on the submission of such a statement by the Amildars along with their reports for the confirmation of sales.

CENSUS DEPARTMENT.

(All Census Correspondence should be treated as Urgent.)

OFFICE OF THE
CENSUS SUPERINTENDENT IN MYSORE,
Dated Bangalore 5th August 1910.

Census Cir. No. 19.

From

The Census Superintendent in Mysore,
Bangalore.

To

The Deputy Commissioners of Districts.

Sir,

I have the honor to communicate for your information and guidance the following instructions on certain matters relating to the arrangements for the taking of the ensuing Census, in continuation of those contained in the Census Procedure Code already issued. These instructions are generally in consonance with those issued by the Census Commissioner for India.

1. *Appointment of Enumerators and Supervisors.*—

The Charge Superintendents will select those qualified for appointment in the month of August, and submit a final list of his selections to the Deputy Commissioner on or before the 31st August. The list should contain more than the numbers that may be actually required so as to allow a wide margin for selection and final nomination by the Deputy Commissioners with reference to the numbers that may be actually available for work.

The Deputy Commissioner will then appoint the Enumerators and Supervisors required and issue formal orders of appointments under the Census Regulation which will shortly be promulgated. Such appointments should be completed by the end of September so that the Supervisors and Enumerators may make themselves conversant with the Circles and Blocks assigned to them and be able to check the house-numbering as soon as the latter work is completed and House Lists and Block Lists are prepared.

2. *Circle List.*—

As soon as the Census Blocks and Circles have been formed, columns 1, 2 and 4 of the list may be filled up. The number of houses in columns 3 and 5 may also be filled up at once provisionally with reference to Khaneshmari Records, and the entries revised after the house-numbering is completed in October.

After the Enumerators and Supervisors have been formally appointed by the Deputy Commissioner in September, the names of the Supervisors and of the Enumerators will be inserted at the top and in column 6; and then, of the duplicate copies of the Circle List, one will be given to the Supervisor, the other being lodged with the Charge Superintendent. Lastly, columns 7, *et seq.*, will be filled up as the operations to which they relate proceed.

3. *House Lists.*—

The House Lists should be written up concurrently with the numbering of houses in the several villages.

In para 3, Section V of the Code, it is laid down that the numbering of houses should be completed by 20th October. There should be therefore no difficulty in completing the writing up of the House Lists by the end of the month. These House Lists should then be checked by the Supervisors and Charge Superintendents, and finally revised copies thereof lodged in the Charge Superintendent's Office by the 30th November.

4. *Block Lists.*—

These lists, which are but extracts of the House Lists, should be written up in the Taluk Offices by the 15th December and be ready for distribution to the Enumerators with Enumeration Books during the last week of December.

5. *Enumeration Schedule Books.*—

These, with the Block Lists, will be distributed to the Enumerators between the 15th and 31st of December, so that the Enumerators may study the Block Lists, make themselves conversant with the localities assigned to them, and be ready to start the taking of the Preliminary Census of the population on the 15th January in rural areas and on the 1st February in urban areas as laid down in para 6 of Section I of the Census Procedure Code.

I have the honor to be,
Sir,
Your most obedient servant,

V. R. THYAGARAJA IYER,
Census Superintendent in Mysore.

Resolution.—The Board concurring with the views of the Taluk Board are of opinion that it is not desirable to abolish the Union as its continuance will tend to improve the condition of this big and populous village.

VIII. Read 1) yadi No. 1570, dated 29th March 1910, from the Assistant Commissioner, Davangere Sub-Division, submitting an estimate for Rs. 2,097 for sinking a well at Gulihatti in the Holalkere Taluk.

IX. Read (*a*) Report No. 7, dated 20th January 1910, from the Amildar of Chitaldrug Taluk, recommending that the posts of Union mutsaddis need not be abolished as the shanbhogs and patels to whom this work will have to be entrusted, have multifarious duties.

(*b*) The lists received from the several taluks showing the service, etc., of the existing Union mutsaddis.

(*c*) Also Government Proceedings No. 6847-53—L. B. 232-09-1, dated 8th February 1910, calling for opinion why the services of the mutsaddis should not be dispensed with.

Resolution.—In this district, there are 30 Unions, of which 6 were formerly Minor Municipalities.

After full deliberation, the Board resolved that Union mutsaddis be retained in all the Unions which were formerly Minor Municipalities and also in the others, whose income is Rs. 500 and above. In other Unions the work, as decided in the proceedings dated 14th February 1910, will be entrusted to the shanbhogs and patels; the former will be paid a commission of 3 per cent on the collection of the Union and the latter Rs. 2 per mensem.

XI. Read Government Proceedings No. 10373-81—L. B. 331-09, dated 18th May 1910, directing that the Government consider it unnecessary to put up lights in Unions, as the system is not likely to work well.

Resolution.—The Unions noted hereunder which were formerly non-regulation Minor Municipalities have lights put up in them from a very long time, and the villagers have enjoyed this privilege for over fifteen years. It does not therefore seem desirable to deprive them of the convenience after so many years enjoyment.

REVENUE DEPARTMENT.

Notification No. 3035, *dated* 5—8*th September* 1910.

Under Article 177 of the Mysore Service Regulations, Mr. M. S. Ramachandra Rao, Amildar, Challakere Taluk, is granted privilege leave of absence for fifteen days with effect from such date as he may avail himself of the same.

Taluk Sheristadar M. Venkata Rao will be in charge of the taluk during the said period.

This cancels the fifteen days' privilege leave granted to Mr. M. S. Ramachandra Rao in this office Notification No. 11057, dated the 2nd May 1910.

Circular No. 3025—32, *dated 8th September* 1910.

In inviting the attention of Deputy Commissioners, Assistant Commissioners and Amildars to Government Order No. R. 7735-43—L. R. 132-09-3, dated 9th May 1910, referring to Government Order No. R. 2093-100, dated 16th November 1901, regarding the preparation and scrutiny every month of list of papers pending in the office of Amildars, Sub-Division Officers and Deputy Commissioners, the Revenue Commissioner desires to state that in his inspection of the districts made recently, he found that instructions contained in Government Order of 1901 have not been given effect to in any of the offices. The consequence is that numerous instances of inordinate delay in the disposal of petitions and other references escape notice and at present there is hardly any means of periodical scrutiny of long pending papers. It is therefore requested that the instructions of Government will be strictly adhered to. In future the monthly lists retained in the office according to the above order of Government, should invariably be submitted to the undersigned when he inspects the office of the Deputy Commissioner and those subordinate to him.

2. In addition to the above, on 1st July and 1st January of every year every Sub-Division Officer and every Deputy Commissioner is requested to prepare in the subjoined form a list of papers pending for more than three months and submit it direct to the Revenue Commissioner.

3. The Revenue Commissioner will return these lists with his remarks thereon.

4. It should be distinctly understood that references should come in the order of the dates of their inception and should, under no circumstances, be allowed to merge in any intermediate communication regarding the same.

5. The lists received from the Sub-Division Officers will be returned to them through the Deputy Commissioner of the district.

6. The lists should be submitted so as to reach this office before the end of February and August respectively.

7. The first lists according to this Circular for 1st January 1911 will be due in this office before the end of February 1911.

8. This circular has been approved by Government with the observation that the orders of Government of 1905, abolishing the list of unanswered references submitted to Government, were not intended to abrogate the orders of Government of 1901, regarding the preparation and scrutiny of arrear lists in the Deputy Commissioner's, Sub-Division Officer's and Amildar's offices.

A. RANGASWAMI IYENGAR,
Revenue Commissioner.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. 2093-100, DATED BANGALORE, 16TH NOVEMBER 1901.

ORDER.—Government have, from time to time, had occasion to remark upon avoidable, and sometime culpable delays, in the district and taluk offices and they now consider that the strict enforcement of a proper system of unanswered reference lists and of a careful scrutiny thereof on the part of all revenue officers concerned will doubtless be conducive to a greater despatch of work all round than faults found and observations made in individual cases.

2. Every Amildar, Deputy Amildar included, should in the first week of every month obtain without fail from his officials complete lists (1) of reports and replies due to his official superior; (2) of reports and replies due to himself from his subordinate officers, such as shekdars, etc., and (3) of correspondence pending between himself and the officers of other departments, scrutinise these lists carefully, send reminders promptly, in cases of delay and hold himself personally responsible that no delay of any kind occurs anywhere which is not absolutely unavoidable. A similar procedure should invariably be adopted by the Deputy Commissioners of Districts and by their Sub-Division Officers and Assistant Commissioners. Cases of inexcusable delay should be suitably dealt with.

3. Government trust that the instructions laid down will be strictly attended to in future and that reasonable expedition in the disposal of work will thereby be ensured.

REVENUE DEPARTMENT.

Circular No. 3505-12, *dated* 9—19*th September* 1910.

In order to discover and prevent betimes encroachments on feeder channels of tanks by owners of cocoanut gardens, etc., by setting up dams for the irrigation of their gardens or by planting cocoanut and other trees thereon and obstructing the free flow of water to the tanks, the Revenue Commissioner issues the following instructions:—

Every year at about the time of the Dittam Jamabandi, the village officers should be required to carefully inspect all the feeder channels and hallas in their villages and add a certificate in the Pahani Register to that effect and obtain the attestation of some literate holders of wet lands under the tanks which are fed by such hallas, to such certificates. The Shekdars and Amildars in the course of testing the Bandh Pahanis should examine some feeders and see whether the village officers' inspection has been satisfactorily made and note the fact of such examination in the Pahani Register This work is specially important in the midland districts where cocoanut cultivation is prevalent to a large extent.

It is very desirable to have a list of feeder channels to be inspected according to this circular prepared and filed with the Pahani Register of each village every year.

A para should be added to the Jamabandi report every year, reviewing the results of the action taken under this circular.

A. RANGASWAMI IYENGAR,
Revenue Commissioner.

(*Vide* District Board's Resolution No. XXVII, dated 9th August 1909.)

Resolution.—Resolved that the sanctioned estimate for Rs. 40 be modified as proposed, the cost of the work already executed being met out of the provision made for this road in the current year's District Fund budget. Hence no fresh estimate for work on this road can be sanctioned this year.

XXII. Read Manjarabad Taluk Amildar's report No. 38, dated 27th July 1910, submitting for sanction an estimate amounting to Rs. 10 for monsoon tattis provided to the musafirkhana at Marnahalli during 1909-10.

Resolution.—Resolved that the estimate be sanctioned for Rs. 10.

XXIII. Read Government Proceedings No. 638-41—Ml. 95-09-6, dated 21st July 1910, sanctioning a revised estimate for Rs. 8,564 (the original estimate having been Rs. 6,598) for the well sunk at the Tirupati roadside near Arsikere and requesting the Comptroller to admit the excess expenditure, *viz.*, Rs. 1,966, and directing that a sum of Rs. 983, which is a moiety of the excess charge, will be paid as contribution to the Arsikere Municipality by the Hassan District Board.

(*b*) Read also Comptroller's docket No. 76, dated 28th July 1910, intimating that this moiety of the excess charge, *viz.*, Rs. 983, has been adjusted in the accounts of his office by debit to District Funds and credit to Municipal Funds in accordance with the instructions conveyed in the Government Proceedings read above.

Resolution.—Resolved that, owing to the very unsatisfactory state of the District Funds already necessitating the stopping of nearly all works of improvement budgetted for and sanctioned by Government, representation be made to Government requesting kind reconsideration of this order by which an additional sum of Rs. 983 is now taken from the District Funds for this well work at Arsikere, although Rs. 3,920 had already been taken for this scheme, which has after all turned out unsatisfactory and not now working, as the water of this well is very brackish and unfit for drinking purposes.

XXIV. Read para X of Government No. 10396-409—L. B. 293-09-2, dated 19th May 1910, inviting reference to Government Order No. 10681-94—L. B. 313-08-6, dated 28th April 1909, in the matter of debiting the charge of pay of the peon of the Deputy Inspector of Vaccination to the Sanitary Department.

Resolution.—Resolved that this Board are of opinion that the cost of the pay of the peon of the Deputy Inspector of Vaccination, *viz.*, Rs. 72 per annum, and the peon's travelling allowance ought to be transferred to the Sanitary budget.

XXV. Read correspondence ending with Hassan Taluk Amildar's report No. 775, dated 23rd June 1910, in the matter of an estimate of Rs. 50 for repairing a portion of the old Sub-Taluk Cutcherry building wherein the Vaidyasala at Grama is located.

Resolution.—Resolved that this subject be adjourned to the next meeting as the sanctioned details of the District Fund budget for 1910-11 have not yet been received.

XXVI. Read the Executive Engineer's docket No. 630, dated 7th August 1910, forwarding for countersignature and return an estimate amounting to Rs. 167 being the balance of compensation yet to be paid for lands taken up for opening out the Hanbal-Devarunda road and stating that the cost of the road was met from Local Funds General and compensation, which is only part of the cost, has to be paid for from those funds or from District Funds, which pay for the maintenance of the road.

Resolution.—Resolved that the cost of compensation payable to owners of lands taken up for the Hanbal-Devarunda road is a charge on the same funds from which the cost of the road construction was met, *viz.*, from the allotment out of Local Funds General placed at the disposal of the Public Works Department, and that the Executive Engineer be accordingly informed returning the estimate

XXVII. Resolved that the next meeting of the District Board be fixed for Monday the 26th September 1910 at 1 P.M.

Circular No. 2128—495, *dated* 14—20*th September* 1910.

To—The Heads of Offices and Departments, and Deputy Commissioner, Treasury Department.

The contingent bills (including in that term, bills for contingencies proper, supplies and services) received in this office for preaudit are of two kinds :—

(i) Bills drawn in the prescribed contingent bill form by a Government officer.

(ii) Bills or invoices of a firm or private party, countersigned by a Government officer.

The preaudit stamp now affixed to both these kinds of bills shows the Treasury at which the bill is payable, and the amount for which the bill is passed. While the amounts of preaudited bills of the first kind are always drawn by the Government officers, those of the second kind are, in some cases, drawn by the Government officer countersigning the bill, and in others by the private party or firm to whom the amount of the bill is due. As it is desirable that the Treasury should, when paying a preaudited bill to a person other than a Government officer drawing or countersigning the bill, have express instructions to do so, this office will, whenever a bill is required to be paid to a private firm or party, make the amount of the bill payable to the firm or party, the words "in favor of....." being inserted after "Rupees ...." in the preaudit stamp.

Heads of Offices and Departments are, therefore, requested to note a separate requisition over a separate signature on the bill, whenever a bill is required to be paid to a private individual or firm. In the absence of such a requisition, the amount of the bill will be made payable to the officer countersigning the bill.

The Treasuries will pay bills, made payable to private parties or Government officers, only on the contents thereof being receipted by them and the bills stamped, where necessary.

These instructions will be given effect to from 1st October 1910, *i.e.*, they will apply to bills preaudited from that date.

J. S. CHAKRAVARTI,
Comptroller.

Resolution.—The Board is of opinion that the procedure suggested by the Co may be adopted.

VI. Read (1) Government Proceedings No. 10956-71—L. B. 243-09-15, dated 1910, sanctioning the budget estimates of the Local Funds General for the ye granting an allotment of Rs. 2,000 to this district.

Resolution.—As the present musafirkhana is a very small building suited for cooking purposes only, the Board is of opinion that the two buildings at Kallahalli are necessary, and be maintained for the convenience of the travelling public.

IX. Read yadi No. 138, dated 21st July 1910, from the Assistant Commissioner, Chitaldrug Sub-Division, forwarding the opinion of the Taluk Board, Chitaldrug, that Bahaddurgatta Union should not be abolished.

Resolution.—The Board concurring with the views of the Taluk Board, are of opinion that it is not desirable to abolish the Union, as its continuance will tend to improve the sanitation of the village.

X. Read (1) Hiriyur Taluk Amildar's report No. 82, dated 30th July 1910, recommending that the construction of a gokatte at Pilali should be taken up this year.

(2) Government Proceedings No. R. 8361-71—Agri. 153-08-5, dated 10th April 1909, stating that since the construction of a gokatte at Pilali is a District Fund work, its cost should be met from that fund.

Resolution.—The Board are of opinion that though it is desirable to construct a gokatte at this place, the same cannot be undertaken during the current year, as no funds can be made available for this purpose. This work may be taken up next year, as the funds sanctioned this year under the head "B. Public Works to be executed by the Civil Department" are absolutely required for more urgent works.

XI. Read yadi No. 140, dated 21st July 1910, from the Assistant Commissioner, Chitaldrug Sub-Division, regarding the exclusion of the Myasarahatti from Chikkondanahalli Union.

Resolution.—The Board concurring with the opinion of the Taluk Board, has resolved that Myasarahatti should not be excluded from the Union as the amount of tax paid by them is very small and further the condition of Myasarahatti will improve by effecting sanitary improvements.

XII. Read Hiriyur Taluk Amildars' report No. 37, dated 28th July 1910, requesting sanction to the entertainment of two sweepers on Rs. 2 each per mensem for Marikanave, as the establishment entertained by the Public Works Department has been dispensed with on the closing of the Marikanave works.

Resolution.—The Board resolved that a sum of Rs. 4 per mensem be sanctioned for entertaining the sweepers, as it is very desirable that this establishment should be entertained to keep the place clean and tidy.

XIII. Read Hiriyur Taluk Amildar's report No. 50, dated 10th August 1910, recommending that the rest-house and well proposed to be constructed at Hiriyabbe may be built at Dharampur.

Resolution.—The Board resolved that the rest-house and well be constructed at Dharampur, which is the hobli headquarters and which is 9 miles from the weekly sante at Amarapur, as there is no accommodation of any kind in this place. Hiriyur is 22 miles from Dharampura and 15 miles from Hiriyabbe. As the Public Works Department has constructed a lodge recently in the 7th mile between Hiriyur and Hiriyabbe, it is desirable that these should be shifted to Dharampur for the convenience of the public.

XIV. Read Hiriyur Taluk Amildar's report No. 74, dated 23rd July 1910, submitting an estimate for Rs. 1,100 for constructing a gokatte at Maradihalli, as great difficulty is at present experienced for water for men and cattle.

Resolution.—Though it is necessary that a gokatte should be constructed at this place, it is not possible to meet the whole cost from District Funds. If the villagers do the whole of earthwork required to the gokatte, which will amount to about Rs. 400, the masonry and other works which require an outlay of Rs. 800 may be undertaken from the District Funds.

XV. Read list of incomplete works of previous year, requiring appropriation for their completion during the current year.

Resolution.—Resolved that the same be submitted to Government for sanction with a request that the total sum of about Rs. 3,000 required for completing the works, may be met from the provision sanctioned for incomplete works and repairs during the current year.

XVI. Read list of works proposed to be undertaken during the current year, received from the several Amildars.

Resolution.—Resolved that some of the works sanctioned in the current year's budget being unnecessary, the works as per approved list be carried out as they are urgent and necessary, in modification of the sanctioned works; and that Government be requested to accord sanction to the same.

XVII. Read Government Proceedings No. 1389-9—San. 199-09-4, dated 10th August 1910, calling for the opinion of the District Board regarding the employment of retainers on small monthly pay to help the Health Officers when they visit villages; or the entertainment of a permanent staff of three mestris and fifteen men in connection with the prevention of epidemic diseases.

Resolution.—The Board are of opinion that the idea of having trained men is a commendable one. Instead of employing retainers on small monthly pay or a permanent staff, the Board consider that the local men such as patels, talavars and others be trained by the Sanitary Officer. These men, if trained, will be very useful in times of necessity as they will always remain in the place. They may be given small sums as reward on occasions when their services are utilized. The practice now in vogue is for the patel to give intimation to the Amildar and the Police Inspector as soon as an epidemic breaks out in his village. This he invariably does. If he fails to do so, he is punished. The Amildar at once communicates information to the Hospital Assistant, and both repair to the spot and do the needful. If the Hospital Assistant alone goes in the first instance without a Revenue or Police officer, it is not likely his instructions will be carried out by the villagers.

XVIII. Read list of works sanctioned by the President in anticipation of the Board's approval till the end of June 1910.

Resolution.—Approved.

XIX. Read and recorded.

(1) Government Proceedings No. 663-71—L. B. 281-09-11, dated 21st July 1910, directing that the existing practice as regards the correspondence of the District Boards requires no change.

(2) Government Proceedings No. 675-85—San. 192-07-13, dated 21st July 1910, sanctioning the use of kerosene oil emulsion for the disinfection of plague-infected houses.

(3) Government Proceedings No. 1327-33—Med. 221-09-2, dated 8th August 1910, sanctioning the entertainment of a midwife at Malebennur temporarily till the end of the current year.

XX. Resolved that the next meeting of the Board be held on the 24th September 1910.

President.

Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges are payable *in advance*.

No money orders will be received by the undersigned except from outside the Province.

No. 3.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 4.—Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention.

No. 5.—An efficient system of check and counter check is maintained over the despatching of Gazette copies forwarded through post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

It is therefore requested that, when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

No. 25—Census 1911, dated 15th October 1910.

rom—The Census uperintendent in Mysore, Bangalore.

—The Deputy Commissioners of Districts.

ing to para 7, Section IX of the Census Procedure Code, I have the honor to state er to secure correct entries in the various columns of the Enumeration Schedule, it that the Supervisors and the Enumerators should be carefully and systematically rehand. It is not sufficient to supply them with printed rules and instructions as st cases are not read with care and even when read are not understood properly. ds on an extended and methodical training of the whole of the Census staff.

e great point to remember in organizing and carrying out the training of the is that the instructions must filter down from the Deputy Commissioners to the s. The Supervisors must not try to teach the Enumerators until they have been by the Charge Superintendents or some other superior officer; and the latter e instructions from the Sub-Divisional Assistant Commissioner or other superior horoughly master the rules on the subject before attempting to train his Supervisors. best way of imparting the knowledge of the rules is by carrying out test enume- explaining the mistakes that thus disclose themselves. For this purpose the ntendents should be required to do some enumerations personally and to submit s so filled up by them to the Sub-Divisional Assistant Commissioners for check with a note of any special points of doubt and difficulty that might have arisen quire orders. These Schedules should at once be checked by the Sub-Divisional missioners and returned to the Charge Superintendents with such instructions es committed and the points raised by them might call for, a copy of these ing at the same time sent to you by the Sub-Divisional Assistant Commissioners n or such further orders as circumstances may require. This should be done arge Superintendent is found to have thoroughly familiarised himself with the to enumeration and the practical application thereof in filling up the Schedules. ext step will be for the Charge Superintendent to collect together his Super- umerators in batches at a convenient centre or centres in each hobli and take to enumerate the residents in a number of houses explaining to them as each merated how the columns should be filled up and what mistakes should be t.

upervisor after being trained as above, should similarly repeat such practical e to time to the Enumerators of his circle.

hole programme of instruction should be so arranged and carried out that ior should be thoroughly drilled in his duties before the preliminary enumera- ed.

be borne in mind that the centres for training should be so fixed as not to sors and Enumerators far away from their homes. They are, for the most part, ey and care must be taken not to cause them unnecessary trouble or incon-

t that you will be so good as to issue such instructions as you may deem the officers concerned in the matter of giving a methodical training to the sus staff on the lines indicated above.

structions from this office, the Press Superintendent has already sent to you a le Forms solely intended for practice during the training of the Census staff tributed to the several Charge Superintendents according to the requirements ld the printed forms supplied prove insufficient, they may be supplemented paper.

ase of special institutions like Hospitals, Jails, Lock-ups, etc., the co-opera- s in charge of these institutions should be secured for the training of the the institutions.

usion, I request that you will be so good as to instruct the Sub-Divisonal ioners to take every opportunity during their tours to see by actual tests d Enumerators are properly trained and fully qualified to discharge their

CENSUS DEPARTMENT.

(All Census correspondence should be treated as *Urgent*.)

OFFICE OF THE CENSUS SUPERINTENDENT IN MYSORE.

No. 25—*Census* 1911, *dated* 15*th October* 1910.

From—The Census Superintendent in Mysore, Bangalore.

To—The Deputy Commissioners of Districts.

ring to para 7, Section IX of the Census Proce lure Code, I have the honor to state der to secure correct entries in the various columns of the Enumeration Schedule, it l that the Supervisors and the Enumerators should be carefully and systematically forehand. It is not sufficient to supply them with printed rules and instructions as ost cases are not read with care and even when read are not understood properly. ends on an extended and methodical training of the whole of the Census staff.

The great point to remember in organizing and carrying out the training of the aff is that the instructions must filter down from the Deputy Commissioners to the ors. The Supervisors must not try to teach the Enumerators until they have been t by the Charge Superintendents or some other superior officer; and the latter eive instructions from the Sub-Divisional Assistant Commissioner or other superior l thoroughly master the rules on the subject before attempting to train his Supervisors.

he best way of imparting the knowledge of the rules is by carrying out test enume- l explaining the mistakes that thus disclose themselves. For this purpose the perintendents should be required to do some enumerations personally and to submit les so filled up by them to the Sub-Divisional Assistant Commissioners for check m with a note of any special points of doubt and difficulty that might have arisen require orders. These Schedules should at once be checked by the Sub-Divisional Commissioners and returned to the Charge Superintendents with such instructions stakes committed and the points raised by them might call for, a copy of these s being at the same time sent to you by the Sub-Divisional Assistant Commissioners tion or such further orders as circumstances may require. This should be done Charge Superintendent is found to have thoroughly familiarised himself with the g to enumeration and the practical application thereof in filling up the Schedules.

e next step will be for the Charge Superintendent to collect together his Super- Enumerators in batches at a convenient centre or centres in each hobli and take him to enumerate the residents in a number of houses explaining to them as each umerated how the columns should be filled up and what mistakes should be inst.

e Supervisor after being trained as above, should similarly repeat such practical time to time to the Enumerators of his circle.

e whole programme of instruction should be so arranged and carried out that erator should be thoroughly drilled in his duties before the preliminary enumera- enced.

ust be borne in mind that the centres for training should be so fixed as not to ervisors and Enumerators far away from their homes. They are, for the most part, gency and care must be taken not to cause them unnecessary trouble or incon-

quest that you will be so good as to issue such instructions as you may deem all the officers concerned in the matter of giving a methodical training to the Census staff on the lines indicated above.

er instructions from this office, the Press Superintendent has already sent to you a edule Forms solely intended for practice during the training of the Census staff e distributed to the several Charge Superintendents according to the requirements should the printed forms supplied prove insufficient, they may be supplemented plain paper.

he case of special institutions like Hospitals, Jails, Lock-ups, etc., the co-opera- ficers in charge of these institutions should be secured for the training of the rs of the institutions.

onclusion, I request that you will be so good as to instruct the Sub-Divisional missioners to take every opportunity during their tours to see by actual tests rs and Enumerators are properly trained and fully qualified to discharge their

ture weekly Progress Reports, the heading "Appointment of Enumerators and may be altered to "Appointment and training of Enumerators and Supervisors" h may be added under the headings explaining the work done by the Charge towards the training of the subordinate Census staff.

SUBSIDIARY INSTRUCTIONS FOR FILLING UP COLUMN 13 IN THE SCHEDULE.

Circular No. 26—Census 1911, dated 22nd October 1910.

From—The Census Superintendent in Mysore.

To—The Deputy Commissioners of Districts.

SIR,

A question having been raised in one of the District Conferences as to whether or not English as a language of literacy should be entered in column 13 of the Enumeration Schedule, there being a special column 14 for record of literacy in that language, I have the honor to state that, according to the instructions for filling up column 13 laid down in Rule 12 of Section VI (3) of the Census Procedure Code, where a person enumerated is literate in more than one language, the language best known by him should be first entered and then the rest; the question to be asked by the Enumerator with reference to the literacy of the enumerated is also framed to the same effect.

2. In the light of the above instructions, it is only appropriate that English as a language or literacy should be recorded in column 13, as, in the case of several literates, English might be the language best known. In such cases, the entry in column 14 which should be 'Yes' will be only a corroborative entry in respect of literacy in English.

3. I request that you will be so good as to communicate this to all the Charge Superintendents for their information and guidance in instructing the Census Staff of Supervisors and Enumerators.

TESTING OF HOUSE-NUMBERING.

Circular No. 27—Census 1911, dated the 22nd October 1910.

From—The Census Superintendent in Mysore.

To—The Deputy Commissioners of Districts.

SIR,

Now that the numbering of houses and the compilation of house lists should have far advanced if not actually been completed, I have the honor to request that you will be so good as to instruct the Sub-Divisional Assistant Commissioners and Charge Superintendents to take every possible opportunity during their itinerations to inspect the work and see that no houses have been left unnumbered or omitted from the house lists. In view to ensure wide spread and frequent inspections, the Charge Superintendents should be directed to inspect every village within their charge and personally test the numbering of at least 10 per cent of the houses; the Sub-Divisional Assistant Commissioners might be requested to inspect at least 10 per cent of the villages within their Sub-Division and test the house numbering by close inspection. The testing should, as far as possible, be specially searching with reference to villages situated far from roads and to isolated huts and stray sheds in fields outside the regular village site.

2. The attention of all the Supervisors should be drawn to their duties in respect of the testing of house lists and of house-numbering as detailed in paras 2 and 3 of Section IX of the Census Procedure Code; and these should be instructed to initial the entries in the house and the block lists, in token of their correctness just as Shekdars do in the Village Pahani registers when testing cultivation.

3. As new houses and sheds are constantly being erected, especially in towns and plague-infected villages, these inspections should be continued up to the very day of the Census.

4. The attention of all Inspecting Officers should be drawn to the instructions contained in Section V of the Census Procedure Code and they should be advised to see that the numbering has been carried out in strict conformity with the rules therein laid down, that the numbers have been clearly marked, that the old numbers, if any, have been completely scored out, that every building numbered has been duly entered in the house list and that all the block lists are promptly and correctly prepared. Mistakes noticed by the Inspecting Officers during their inspections should be immediately caused to be corrected and buildings found to have been left unnumbered should be at once caused to be numbered in the manner explained in para 16 of Section V, the particulars of such buildings being simultaneously entered in the proper places in the house list.

5. The Sub-Divisional Assistant Commissioners should be requested to punish such of the village or Union officials as may be found to have done their work in respect of house-numbering and compilation of house lists without proper care or accuracy.

6. In all future Weekly Progress Reports, the Charge Superintendents and Sub-Divisional Assistant Commissioners may be requested to note the numbers of villages inspected by them in respect of house-numbering and the number of house lists checked with a note explaining the result of their inspections.

I have the honor to be,
Sir,
Your most obedient servant,
V. R. THYAGARAJA AIYAR,
Census Superintendent in Mysore.

I. Read and passed the accounts of receipts and expenditure for the months of March, April and May 1910, audited by the Comptroller.

II. Read and passed the draft District Fund Administration Report of the district for the year 1909-10.

III. Read General and Revenue Secretary's docket No. 493, dated 20th July 1910, calling for the opinion of the District Board as to whether the mutsaddis in the Unions of Rampura, Holavanhalli and Tovinkere may not be retired on compensation gratuity, if suitable appointments cannot be found for them in the near future, and the papers connected therewith.

Resolution.—From the service registers of these mutsaddis it is seen that they are young men fit to be continued in service and their retirement on compensation gratuity will be a hardship to them. The Sub-Division Officers say that dafterbandi posts on Rs. 8 can be found for these men in another three or four months.

IV. Read Government Proceedings No. 1327-33—Med. 221-09-2 dated 8th August 1910, stating that needful action may be taken as regards the entertainment of a midwife at Huliyurdurga in consultation with the Board

Resolved that provision be made in the next year's budget for a midwife at Huliyurdurga.

V. Read Government Proceedings No. 1389-98—San. 199-09-4, dated 10th August 1910, requesting the Presidents of the Municipal and District Boards to favor with their opinions in consultation with the respective Boards as to the Sanitary Commissioner's proposals regarding the entertainment of volunteers on small monthly allowances in Unions and Municipalities with a view to train them as helpers of Health Officers, whenever these officers visit such villages on duty, and regarding the entertainment of a permanent disinfection staff consisting of three maistris and fifteen men, etc.

Resolution.—The Board consider that the Sanitary Commissioner's proposals involve an unnecessary increase of establishment; and that the existing arrangements are satisfactory and that there is no necessity for the entertainment of a special disinfection staff, as proposed by the Sanitary Commissioner. The entertainment of paid retainers would serve no useful purpose for, at the outbreak of an epidemic in a village, when their services would be required, they may not be found in the village at all. At present no difficulties have been experienced in regard to disinfection. The present permanent staff should be competent to carry on the duties in question and it should be open to the Boards to employ a staff of coolies when necessary.

VI. Read Government Proceedings No. 1780-7—Med. 12-10-5, dated the 22nd August 1910, calling for the opinion of the District Board about raising the local cess from one anna to two annas per rupee of main head of revenue.

Resolution.—The Board think that it would be a hardship to raise the local cess.

VII. Read General and Revenue Secretary's Memo No. 1550-8, dated the 15th August 1910, requesting that the opinion of the President may be furnished in consultation with the

Board *in re* Dasara Representative Assembly Subject No. 178 of 1909 in the matter of treating the men dispensing medicines in Vaidyasalas as Government servants.

Resolution.—The Board consider that the proposal is premature, as Vaidyasalas are still in an experimental stage.

VIII. Read Government Proceedings No. 2750-8—L. B. 52-09-12, dated the 19th September 1910, stating that the income of a Union may be wholly spent for the purposes of the Union, etc.

Resolution.—Resolved that the Orders contained in the Government Order be given effect to.

IX. Read Executive Engineer's docket No. 205, dated 6th September 1910, stating that the rates shown in the schedules sent last year hold good this year also.

Resolved that the schedule of rates referred to, be adopted in respect of public works that are to be carried out during the current year.

X. Read Executive Engineer's docket No. 215, dated 16th September 1910, requesting that the funds required for making good, damages done to Bidarammanagudi-Huliyar road may be granted from any other source, as the work has already been started.

Resolution.—As the work is stated to have been already started, funds required therefor, *viz*, Rs. 1,085 will have to be made available out of the sanctioned grants by a re-appropriation, if possible.

XI. Read Executive Engineer's docket No. 211, dated 14th September 1910, requesting that the subject of raising the mileage grant of Tiptur-Kodagihalli cart-track from Rs. 50 to 75 may be placed before the District Board as the present mileage allotment is not sufficient to keep the cart-track in order.

Resolution.—It is necessary that the present mileage allotment of the cart-track should be raised. Government may be addressed in the matter of raising the mileage allotment and of meeting the increased cost out of the sanctioned grants in the current year's budget, if possible, by a re-appropriation

XII. The Board propose that the Tumkur-Maddur road be taken on as a Provincial road in view of the heavy traffic on it. It is a continuation of the road from Pavagada to Tumkur which is Provincial.

XIII. Subject brought forward at the preliminary meeting of the Dasara Representative Assembly Members at Tumkur and referred to the Board that a road may be constructed from Maddagiri to Hindupur.

Resolution.—There are no funds now for this work, nor is there any likelihood of funds becoming available for some years to come. Under the present financial condition, the Board are unable to devote sufficient funds for the maintenance of existing roads. The construction of a new road like the one proposed is out of the question.

XIV. Read Gubbi Sub-Division Officer's No. 407, dated 7th June 1910, proposing that a cattle pound may be established at Settihalli in the Tiptur Taluk.

Resolution.—Approved.

XV. Resolved that the next meeting of the Board be held on 22nd December 1910 at 3 P.M.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings Nos. 155 and 24205-6—G. 6200, dated 2nd July 1891 and 21st June 1895, respectively, the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels and Nad Patels within the Province at *half* rates on production of certificate from Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the Kanarese or English portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance.* When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

CENSUS DEPARTMENT.

(All Census correspondence should be treated as *Urgent.*)

OFFICE OF THE CENSUS SUPERINTENDENT IN MYSORE.

No. 25—*Census* 1911, *dated* 15*th October* 1910.

From—The Census Superintendent in Mysore, Bangalore.

To—The Deputy Commissioners of Districts.

SIR,

Referring to para 7, Section IX of the Census Procedure Code, I have the honor to state that in order to secure correct entries in the various columns of the Enumeration Schedule, it is essential that the Supervisors and the Enumerators should be carefully and systematically trained beforehand. It is not sufficient to supply them with printed rules and instructions as these in most cases are not read with care and even when read are not understood properly. Much depends on an extended and methodical training of the whole of the Census staff.

2. The great point to remember in organizing and carrying out the training of the Census staff is that the instructions must filter down from the Deputy Commissioners to the Enumerators. The Supervisors must not try to teach the Enumerators until they have been first taught by the Charge Superintendents or some other superior officer; and the latter should receive instructions from the Sub-Divisional Assistant Commissioner or other superior officer and thoroughly master the rules on the subject before attempting to train his Supervisors.

3. The best way of imparting the knowledge of the rules is by carrying out test enumerations and explaining the mistakes that thus disclose themselves. For this purpose the Charge Superintendents should be required to do some enumerations personally and to submit the Schedules so filled up by them to the Sub-Divisional Assistant Commissioners for check and criticism with a note of any special points of doubt and difficulty that might have arisen and might require orders. These Schedules should at once be checked by the Sub-Divisional Assistant Commissioners and returned to the Charge Superintendents with such instructions as the mistakes committed and the points raised by them might call for, a copy of these instructions being at the same time sent to you by the Sub-Divisional Assistant Commissioners for information or such further orders as circumstances may require. This should be done until every Charge Superintendent is found to have thoroughly familiarised himself with the rules relating to enumeration and the practical application thereof in filling up the Schedules.

4. The next step will be for the Charge Superintendent to collect together his Supervisors and Enumerators in batches at a convenient centre or centres in each hobli and take them with him to enumerate the residents in a number of houses explaining to them as each person is enumerated how the columns should be filled up and what mistakes should be guarded against.

5. The Supervisor after being trained as above, should similarly repeat such practical lessons from time to time to the Enumerators of his circle.

6. The whole programme of instruction should be so arranged and carried out that every Enumerator should be thoroughly drilled in his duties before the preliminary enumeration is commenced.

7. It must be borne in mind that the centres for training should be so fixed as not to call the Supervisors and Enumerators far away from their homes. They are, for the most part, a volunteer agency and care must be taken not to cause them unnecessary trouble or inconvenience.

8. I request that you will be so good as to issue such instructions as you may deem necessary to all the officers concerned in the matter of giving a methodical training to the whole of the Census staff on the lines indicated above.

9. Under instructions from this office, the Press Superintendent has already sent to you a supply of Schedule Forms solely intended for practice during the training of the Census staff. These may be distributed to the several Charge Superintendents according to the requirements of each; and should the printed forms supplied prove insufficient, they may be supplemented by sheets of plain paper.

10. In the case of special institutions like Hospitals, Jails, Lock-ups, etc., the co-operation of the officers in charge of these institutions should be secured for the training of the Census Officers of the institutions.

11. In conclusion, I request that you will be so good as to instruct the Sub-Divisional Assistant Commissioners to take every opportunity during their tours to see by actual tests that Supervisors and Enumerators are properly trained and fully qualified to discharge their duties.

12. In future weekly Progress Reports, the heading "Appointment of Enumerators and Supervisors" may be altered to "Appointment and training of Enumerators and Supervisors" and a paragraph may be added under the headings explaining the work done by the Charge Superintendent towards the training of the subordinate Census staff.

I have the honor to be,
Sir,
Your most obedient servant,
V. R. THYAGARAJA AIYAR,
Census Superintendent in Mysore.

Recorded with the observation that the present mode of getting information about sickness and suspicious cases of illness or death in a village from the patel direct in the Taluk Offices and then immediately transmitting the same to the Hospital Assistant is more prompt and feasible and may therefore be continued instead of the patel having to communicate the same to the Hospital Assistant direct which will only multiply his duties without adequate advantage.

(ii) As regards the employment of permanent or temporary gangmen the Board are strongly of opinion that further augmentation of establishment in any form would only deplete their already slender resources which were better husbanded and reserved for real works of sanitation and utility, and that disinfection and other works are always best done by enlisting the sympathy and willing co-operation of the people and help of the local officials, with entertainment of special establishment whenever absolutely necessary for which no general rules are needed or feasible.

6. Read—(*a*) Letter No. 9390—Med. 147-09-7, dated 20th April 1910, from General and Revenue Secretary, calling for the opinion of the District Board regarding the opening of a dispensary at Gonibid.

(*b*) Letter dated 20th August 1910, from the Honorary Secretary, South Mysore Planters' Association, regarding the same subject.

Resolution.—The Board, while fully alive to the necessity of providing improved facility for medical help in the malnad, regrets that it is at present not in a position to find funds for an additional dispensary. It is also of opinion that if another dispensary is to be opened, preference should be given to Belur over Gonibid, as the former place is in greater need of medical help and the opening of a dispensary there, the necessity for which has been more than once recognized by the District Fund and the Government, was only abandoned for want of funds and lack of accommodation.

7. Read Official Memorandum No. 655-62—L. B. 244-09-3, dated 21st July 1910, calling for the opinion of the Board regarding the procedure to be adopted for the adjustment of expenditure under several items relating to Local Fund Dispensaries :—

Resolution.—The Board is of opinion that only the amount actually spent as Medical charges whether fixed or varying should be paid from District Funds and that for the purpose the amount of such actual expenditure should be intimated by the Comptroller at the end of each year to the District Board and adjusted by him in his accounts.

(2) In the case of repairs of and construction of dispensaries, the Board is of opinion that the present practice of paying the District Fund quota by means of cheque in favor of Public Works Department as soon as the estimates are sanctioned is objectionable and that only the District Fund quota of the actual amount spent on the estimates should be made payable by the Board.

(*b*) and also letter No. 1334-8—Med. 14-10, dated 8th August 1910, regarding the appointment of a midwife at Ajjampur.

Resolution.—With due respect to the Senior Surgeon and Sanitary Commissioner, the Board is of opinion that the suggestion contained in paras 2 and 3 of his letter, are, so far as they apply to unions and other non-Municipal areas, impracticable and unworkable and the Board does not see it necessary for an arrangement of the kind proposed.

All Gazetted Officers, Amildars, Deputy Amildars and Munsiffs.

The undersigned has the honor to observe that certificates of giving over and taking charge, or of proceeding on and returning from leave in the case of officers to whom this circular is addressed are not received in this office in many instances till long after the occurrence, and in some instances not received at all, till called for by this office. This throws unnecessary work on this office in issuing requisitions for such certificates (the number of requisitions issued during the last two official years and the three months of the current year being about 280, 270 and 70 respectively), besides putting it to very great inconvenience in not being in possession of up-to-date information regarding these incidents in the services of gazetted and other officers, which information is necessary for several purposes.

To avoid this inconvenience, the undersigned has the honor to invite the attention of all officers to Article 47 of the Civil Account Code, Volume I, which requires that such transfers of charge should be reported *by post of the same day* to the Comptroller, and to request that special attention may be given to this rule in future. This report is required for audit purposes and should be submitted direct by the officers immediately concerned, separate reports being sent to higher administrative authorities through the usual channel as required by departmental rules.

The report may be in the form of a letter, specimen of which is appended below. This cancels the form annexed to this office Circular No. 1918—G. A. 637, dated 17th September 1898, published in Part II of the *Mysore Gazette* dated 29th September 1898.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings Nos. 155 and 24205-6—G. 6200, dated 2nd July 1891 and 21st June 1895, respectively, the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels and Nad Patels within the Province at *half* rates on production of certificate from Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the Kanarese or English portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance.* When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

12. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

CENSUS DEPARTMENT.

(All Census correspondence should be treated as '*Urgent.*')

OFFICE OF THE CENSUS SUPERINTENDENT IN MYSORE.

Circular No. 30—*Census* 1911, *dated Bangalore, the* 19*th November* 1910.

From—The Census Superintendent in Mysore.

To—The Deputy Commissioners of Districts.

SIR,

I have the honor to state that arrangements have been made for the despatch of the Enumeration Books to the several districts on receipt of the indents called for in this office letter No. 965-75, dated the 11th October 1910.

2. The Enumeration Books will be despatched from the Press direct to the Amildars and Deputy Amildars and I request that you will be so good as to issue strict instructions to all of them on the following points:—

(*a*) Immediately on receipt of the consignment of Enumeration Books, the Amildar should have it carefully opened in his presence and have the contents counted and thus satisfy himself of the accuracy of the supply. He should then sign the Press receipt to that effect and return it at once to the Press. Failure to observe this precaution might lead to mistakes in supply remaining undetected until the last moment when it might become too late to rectify the same. The receipt of the books should also be reported by the Amildar to the Deputy Commissioner who will forward the report to this office for note and return.

(*b*) All the Enumeration Books and Schedule Forms should be carefully kept from white ants and damp. If forms are allowed to get damp the entries made in ink on one side will run and show through on the other, making writing on either side difficult to read.

(*c*) After the forms are received and examined, the book for each block should be fixed, and on the first page of the cover of each book, the numbers of the charge, circle and block to which it belongs should be entered. The Block List duly filled up should then be attached to the corresponding book by being pasted securely between the cover and the first schedule sheet. The books for each Circle should then be tied up together, and on the top of the bundle a label should be placed showing the number of the Charge and Circle and the name and occupation of the Supervisor. The bundles thus made up should then be made over to the respective Supervisors together with a small reserve of loose schedule forms. A receipt for the bundle and schedule forms should be taken from each Supervisor and filed in the Taluk Records. The Supervisor should then distribute the books to the Enumerators of the respective Blocks and take the Enumerator's receipt in writing in a note book which will be finally sent to the Taluk Office for record.

(*d*) It is not advisable to distribute the Enumeration Books long before the Preliminary Enumeration begins as they may be lost or spoiled; but care should be taken that the books are placed in the hands of the Enumerators at least a fortnight before the date fixed for the Preliminary Enumeration.

(*e*) As the Preliminary Enumeration will largely be made on rough sheets and transcribed on printed schedules after check by the Supervisor as laid down in para 3, Section VI (2) of the Census Procedure Code, it will be possible to enlarge the book, if necessary, before the fair copy is commenced, by the addition of schedule sheets from his stock of spare forms. But, if the sizes of books for the several Blocks be judiciously fixed such contingencies will rarely arise. Before beginning the transcription the Supervisor should see that there are in each book enough schedule sheets for entering the record of the Preliminary Enumeration of the Block and a sufficient margin for additions expected at the Final Census.

(*f*) It is not advisable to distribute away the entire stock of the spare schedules all at once among the Supervisors. A sufficient stock should be kept in reserve with the Charge Superintendent to meet urgent demands at the last moment. If, at the Final Enumeration, an Enumerator finds himself a sheet or two short, he should apply to his Supervisor who will furnish the same from the spare forms with him; but if the forms have been exhausted, the Supervisor will then see if some other Enumerator in the circle has a sheet or two to spare in his book; and if so, he should unstitch the two books, adjust the number of sheets in each to the needs of the case and restitch them. Similar adjustments may also be made between Circle and Circle.

I have the honor to be,
Sir,
Your most obedient servant,

V. R. THYAGARAJA AIYAR,
Census Superintendent.

7. Breach of Rules 1 to 4 will entail punishment provided by the Mysore Excise Regulation, V of 1901.

Notification No. 4469, *dated* 24*th November* 1910.

In virtue of the powers delegated to him under clause VIII of Government Notification No 11287—Ex. F. 3-1901, dated 7th January 1902, and in supersession of all rules on the subject, the Excise Commissioner in Mysore hereby prescribes under clause (*o*) of Section 29 of the Mysore Excise Regulation, V of 1901, the following rules for the disposal of articles confiscated under the Regulation and of the proceeds thereof:—

1. When orders are received from competent authority for the confiscation of anything seized or detained under the Regulation, it shall, with all convenient despatch, be sold or destroyed by the person in charge thereof as the officer adjudging the confiscation may direct.

2. When a Magistrate adjudging a confiscation shall, under the second paragraph of Section 66 offer the owner of such thing the option of paying a fine in lieu of confiscation, and if the owner of such thing shall accept such option he shall be required forthwith to pay such sum as may already have been expended on the safe custody and keep of such thing, and to deposit such further sum as may appear likely to be required for such purposes until the payment of the fine. Ten days shall be allowed for the payment of such fine, within which period, if the fine be paid, the thing shall at once be given up to the owner together with such part of the sum so deposited as may remain unexpended on such purposes. If the fine be not paid within the said period of ten days, the order of confiscation shall be and remain of full effect in the same way as if no option of the payment of a fine had been offered. There shall be no appeal against the adjudication of an optional fine. An appeal may be preferred against the amount of such fine, provided that the fine has been previously paid.

3. No sale of any perishable article ordered to be confiscated shall be postponed on account of the preferring of an appeal against the order of confiscation. The sale of any animal or other thing ordered to be confiscated shall not be postponed on such account unless the owner or his agent shall deposit with the officer ordering the confiscation such sum as such officer may consider sufficient for the keep or safe custody of such animal or other thing pending the result of such appeal. If the result of such appeal be that the order for confiscation is reversed, the owner shall be entitled to receive back the whole of the sum so deposited.

4. If any order that any article be confiscated is reversed on appeal, such article, if it has not been sold before such reversal comes to the knowledge of the officer in charge thereof, or, if it has been sold, the sale proceeds thereof shall be dealt with under Rules 5 to 8 inclusive.

5. Things ordered to be released or their proceeds, if they have been sold, shall at once be given up or paid as the case may be, by the person in charge thereof to the owner or his agent.

6. Should no one appear to receive a thing ordered to be released or the proceeds thereof, the person in charge thereof shall do his best to give notice to the owner of the order of release, and shall cause a notice thereof to be affixed in the village where the seizure of the thing was effected, in the office of the Amildar of the taluk, and in the nearest Police Station to such village.

7. If within two calendar months from the date of the notice no person entitled to receive a thing ordered to be released claim the same and pay all charges incurred on its custody and keep after the date on which the order for its release was notified as herein before directed, it shall be sold; the amount of all charges so incurred shall be credited to Government, and the net proceeds shall be placed in deposit. The same course shall be followed with reference to the proceeds of a thing ordered to be released which has been sold before the receipt of the order of release.

8. If after a further period of two calendar months no person shall have appeared to receive the sum so placed in deposit, it shall be forfeited to Government.

9. The sale proceeds of all confiscated articles shall be paid into the nearest Government Treasury without delay.

10. All confiscated hemp drugs should be sent, by the Magistrate ordering the confiscation, in a sealed package, to the District Excise Officer of the district concerned. District Excise Officers should examine all the confiscated ganja, bhang, etc., and have destroyed in their presence all that is not of good saleable quality. Such as is really good should be forwarded to the Provincial Ganja Stores at Bangalore, whence it will be issued to the Taluk Treasuries for sale to the retail vendors. Care must be taken to weigh the drugs and see that the quantities correspond with those forwarded by the Magistrates, any discrepancy being reported for orders. The ganja confiscated in any case should not be dealt with until the appeal time has expired.

11. Confiscated drugs should be sent by post as far as possible and in cases where large quantities have to be sent and the cost of transmitting them by post is prohibitive, they should be carefully packed and accompanied by a permit.

12. When a Magistrate orders the confiscation of cocaine and its preparations, he should, after the expiry of the appeal time, send them in a sealed package to the District Excise Officer concerned, who should send them to the Excise Commissioner for disposal. The District Excise officer should weigh the drug on receipt to see that the quantity corresponds with that forwarded by the Magistrate, any discrepancies being reported to the Excise Commissioner. The same instructions apply to cocaine and its preparations confiscated by departmental officers. Phials of cocaine hydrochloride on which the original capsules, bands, etc., of the makers are intact and packets containing not less than ¼ ounce of the drug will be forwarded by the Excise Commissioner to the officer in charge of the Government Medical Stores; while phials in which the original capsules have been removed and packets containing less than ¼ ounce of the drug will be destroyed. "Preparations of Cocaine" other than cocaine hydrochloride will be disposed of as the Excise Commissioner may deem fit.

All cases in which novacain is confiscated should be referred to the Excise Commissioner for orders as to disposal.

13. Liquor confiscated under the Excise Regulation can only be sold to persons licensed to sell the particular description of liquor in question, that is, in the case of foreign liquor to foreign liquor wholesale or retail vendors and in the case of country liquor to arrack independent shop-keepers or vend farmers, if any. It must not be disposed of to the shop-keepers under arrack renters without the consent of the latter. Confiscated liquor should be sold by auction, the upset price being the duty leviable thereon or disposed of without an auction, for any price in excess of the duty.

14. When property not liable to confiscation is seized, the officer inquiring into the case or the Court dealing with the case may, on the close of the inquiry or trial, order the return of the property to the owner or his agent. Should no one appear to receive the property, the procedure laid down in Rules 6 to 8 shall be followed.

The following instructions in the matter of confiscation under the Mysore Excise Regulation, 1901, which have received the sanction of Government, are issued for the guidance of all officers concerned:—

1. *Powers of confiscation.*—The powers of confiscation vested in the Department under the Excise Regulation are limited to those shown in the third clause of Section 66, namely, when the offender is not known or cannot be found or when anything liable to confiscation, and not in the possession of any person cannot be satisfactorily accounted for.

2. *Execution of orders of confiscation.*—All orders relating to confiscations and to releases of property under the Excise Regulation should, except where otherwise provided for, be carried out departmentally by an officer not inferior in rank to an Inspector. If in such cases the property be in the custody of the Police, the officer in charge of the Police Station should be informed by the Inspector, through the officer executing the orders, if necessary, of their exact nature, and should be requested to return the property to him.

3. *Orders of confiscation.*—(1) All orders of confiscation or of imposition of fines shall be in writing, and shall be filed with the records of the case to which they relate.

(2) All decisions upon appeals preferred against such orders shall also be in writing and a copy of them shall be similarly filed.

(3) The owner of articles ordered to be confiscated and persons offered the option of payment of fines under Section 66 of the Regulation shall be entitled to copies of all such orders and decisions in appeal upon payment of copying fees at the usual rates and of stamp duty under Article 8, Schedule I of the Mysore Court Fees Regulation 19.....

Provided that any officer granting any such copy may remit the payment of copying fees, on account of the poverty of the persons who would otherwise have to pay them or for other sufficient cause.

4. *Disposal of articles in Excise cases departmentally released.*—In Excise cases where the offender is known, but is released with a warning as those of shop-keepers found in possession of country spirits weaker than by more than one degree below the prescribed strength and of persons who appear to have offended through ignorance or inadvertance, confiscation cannot

be ordered. If diluted liquor has been seized in connection with such cases, it should, be required as a condition of release that such liquor shall be destroyed before an Excise Inspector or other responsible officer of the Department if the quantity is inconsiderable, or, if it is large, that it shall be sent back to the depot whence it was originally purchased for the purpose of being reblended at the cost of the shop-keeper concerned. As regards other articles seized in such cases, the only course open is to return them to the offender. In any case in which confiscation seems desirable, the offender must be prosecuted.

5. *Disposal of articles in Excise cases released under head IV.*—It is only in doubtful cases which are released for want of proof, that Excise officers are competent to pass order of confiscation. Their careful attention is drawn to Section 65 of the Excise Regulation as to articles liable to confiscation and to the proviso to Section 66 as to the procedure to be adopted.

Circular No. 2930—G. A. D. 377, dated 14—13th November 1910.

To

All Gazetted Officers, Amildars, Deputy Amildars and Munsiffs.

The undersigned has the honor to observe that certificates of giving over and taking charge, or of proceeding on and returning from leave in the case of officers to whom this circular is addressed are not received in this office in many instances till long after the occurrence, and in some instances not received at all, till called for by this office. This throws unnecessary work on this office in issuing requisitions for such certificates (the number of requisitions issued during the last two official years and the three months of the current year being about 280, 270 and 70 respectively), besides putting it to very great inconvenience in not being in possession of up-to-date information regarding these incidents in the services of gazetted and other officers, which information is necessary for several purposes.

To avoid this inconvenience, the undersigned has the honor to invite the attention of all officers to Article 47 of the Civil Account Code, Volume I, which requires that such transfers of charge should be reported *by post of the same day* to the Comptroller, and to request that special attention may be given to this rule in future. This report is required for audit purposes and should be submitted direct by the officers immediately concerned, separate reports being sent to higher administrative authorities through the usual channel as required by departmental rules.

The report may be in the form of a letter, specimen of which is appended below. This cancels the form annexed to this office Circular No. 1918—G. A. 637, dated 17th September 1898, published in Part II of the *Mysore Gazette* dated 29th September 1898.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. 7. All subscriptions and advertisement charges are payable *in advance.* When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

EXCISE DEPARTMENT.

SALE OF ENGLISH DRAUGHT BEER TAVERNS IN THE BOWRINGPET TALUK FOR HALF YEAR (FROM 1ST JANUARY TO 30TH JUNE 1911).

Notice No. 4622, dated 13th November 1910.

1. Notice is hereby given that the exclusive privilege of selling English Draught Beer or Porter in the tavern established in the Kolar Gold Fields for the six months beginning with 1st January 1911 and ending with 30th June 1911, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the District concerned or other officer authorized by him.

2. The exclusive privilege will first be put up to auction at an upset price fixed at Rs. 100 per mensem. If there are no bids for or above the upset price, then it will be put up to auction at the upset price of Rs. 25 per hogs-head of Beer or Porter which will be sold in the tavern.

3. Each bidder at the auction shall deposit a sum of Rs. 100 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders, will be returned to them.

5. The person to whom the tavern has been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of Rs. 200 for the tavern knocked down to him or such other reasonable amount as may be fixed by the Deputy Commissioner according to the value of the tavern; and shall take out licenses and execute counterpart-engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the tavern will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Resales effected under para 6 *supra*, will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends to the sale of English Draught Beer or Porter brewed in England or on the Continent, approved by Government.

(2) The tavern shall be maintained in or close to the existing tavern as may be determined by the Deputy Commissioner.

(3) The amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. But if the tavern is sold on the rental system the khist of the month falls due on the 20th day of the month according to General Condition 27 applicable to all Excise and Opium Licenses published in Notification No. 7993, dated 23rd March 1910. The security deposit shall be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at the rate of one pie per rupee per mensem or part thereof under the

rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas and one pie and a half for every gallon of English Draught Beer or Porter imported by him.

(5) The consignment of English Draught Beer or Porter purchased by the licensee, shall, on arrival, be inspected by the Amildar or an Excise officer at the Railway Station. The invoice covering the consignment shall be duplicated, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. On the duty at the abovementioned rate being paid by the licensee on the prescribed challan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized in this behalf.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise officers.

(7) The licensee shall be bound to take over any Beer or Porter which remained as stock in hand belonging to the out-going licensee on the 1st January 1911, in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) This lease shall not be transferable by sale, gift, mortgage or otherwise without the previous sanction of the Excise Commissioner.

(9) The vendor shall equally with the license-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

(10) He shall sell Beer or Porter of approved quality. It may be sold to be drunk on the premises up to one reputed quart bottle at a time and shall not be allowed to be taken out of the premises.

(12) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

(13) He shall not receive any articles whatsoever in barter or pledge, and payment for Beer or Porter shall be made in ready money only at not less than one and a half rupee per imperial gallon and proportionately for fractions thereof.

(14) The Beer or Porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1,073°. The Beer or Porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty, together with local cess, at the prescribed rate per gallon of proof spirit on all alcohol in the Beer or Porter in excess of 8 per cent by volume, besides being liable for prosecution. Samples of such Beer or Porter shall be sent duly bottled from the tavern for examination and test whenever required by the Excise Department.

(15) Any Magistrate having local jurisdiction, or any officer acting under his warrant or Excise officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned Beer shall be destroyed.

(16) He shall close his shop by 9 P.M., and not open it before sunrise, except on special permit in cases of Native festivals, etc.

(17) Beer brought for the Commissariat Department and rejected by the Military or other Departments, shall not, under any circumstances, be forwarded for sale in the tavern.

(18) The shop shall have only one door, and no window be allowed to the rear or ends of the building; the bar where the liquor is sold from, shall be opposite to the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street; and no second room shall be allowed to be kept open for customers.

(19) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

8. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st January 1911, shall be made good by him. When a license is cancelled, the vend fee for the remaining period of the lease calculated on the average consumption of the previous three years advertised in the Schedule shall be payable at once and in default of payment shall be recovered with all losses as if they were arrears of land revenue.

10. The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise laws in force.

Date of sale.

Kolar Gold Fields shop—at Kolar Gold Fields Magistrate's Court, on Saturday the 10th December 1910.

Notification No. 4469, *dated* 24*th November* 1910.

In virtue of the powers delegated to him under clause VIII of Government Notification No. 11287—Ex. F. 3-1901, dated 7th January 1902, and in supersession of all rules on the subject, the Excise Commissioner in Mysore hereby prescribes under clause (*o*) of Section 29 of the Mysore Excise Regulation, V of 1901, the following rules for the disposal of articles confiscated under the Regulation and of the proceeds thereof:—

1. When orders are received from competent authority for the confiscation of anything seized or detained under the Regulation, it shall, with all convenient despatch, be sold or destroyed by the person in charge thereof as the officer adjudging the confiscation may direct.

2. When a Magistrate adjudging a confiscation shall, under the second paragraph of Section 66 offer the owner of such thing the option of paying a fine in lieu of confiscation, and if the owner of such thing shall accept such option, he shall be required forthwith to pay such sum as may already have been expended on the safe custody and keep of such thing, and to deposit such further sum as may appear likely to be required for such purposes until the payment of the fine. Ten days shall be allowed for the payment of such fine, within which period, if the fine be paid, the thing shall at once be given up to the owner together with such part of the sum so deposited as may remain unexpended on such purposes. If the fine be not paid within the said period of ten days, the order of confiscation shall be and remain of full effect in the same way as if no option of the payment of a fine had been offered. There shall be no appeal against the adjudication of an optional fine. An appeal may be preferred against the amount of such fine, provided that the fine has been previously paid.

3. No sale of any perishable article ordered to be confiscated shall be postponed on account of the preferring of an appeal against the order of confiscation. The sale of any animal or other thing ordered to be confiscated shall not be postponed on such account unless the owner or his agent shall deposit with the officer ordering the confiscation such sum as such officer may consider sufficient for the keep or safe custody of such animal or other thing pending the result of such appeal. If the result of such appeal be that the order for confiscation is reversed, the owner shall be entitled to receive back the whole of the sum so deposited.

4. If any order that any article be confiscated is reversed on appeal, such article, if it has not been sold before such reversal comes to the knowledge of the officer in charge thereof, or, if it has been sold, the sale proceeds thereof shall be dealt with under Rules 5 to 8 inclusive.

5. Things ordered to be released or their proceeds, if they have been sold, shall at once be given up or paid as the case may be, by the person in charge thereof to the owner or his agent.

6. Should no one appear to receive a thing ordered to be released or the proceeds thereof, the person in charge thereof shall do his best to give notice to the owner of the order of release, and shall cause a notice thereof to be affixed in the village where the seizure of the thing was effected, in the office of the Amildar of the taluk, and in the nearest Police Station to such village.

7. If within two calendar months from the date of the notice no person entitled to receive a thing ordered to be released claim the same and pay all charges incurred on its custody and keep after the date on which the order for its release was notified as herein before directed, it shall be sold; the amount of all charges so incurred shall be credited to Government, and the net proceeds shall be placed in deposit. The same course shall be followed with reference to the proceeds of a thing ordered to be released which has been sold before the receipt of the order of release.

8. If after a further period of two calendar months no person shall have appeared to receive the sum so placed in deposit, it shall be forfeited to Government.

9. The sale proceeds of all confiscated articles shall be paid into the nearest Government Treasury without delay.

10. All confiscated hemp drugs should be sent, by the Magistrate ordering the confiscation, in a sealed package, to the District Excise Officer of the district concerned. District Excise Officers should examine all the confiscated ganja, bhang, etc., and have destroyed in their presence all that is not of good saleable quality. Such as is really good should be forwarded to the Provincial Ganja Stores at Bangalore, whence it will be issued to the Taluk Treasuries for sale to the retail vendors. Care must be taken to weigh the drugs and see that the quantities correspond with those forwarded by the Magistrates, any discrepancy being reported for orders. The ganja confiscated in any case should not be dealt with until the appeal time has expired.

11. Confiscated drugs should be sent by post as far as possible and in cases where large quantities have to be sent and the cost of transmitting them by post is prohibitive, they should be carefully packed and accompanied by a permit.

12. When a Magistrate orders the confiscation of cocaine and its preparations, he should, after the expiry of the appeal time, send them in a sealed package to the District Excise Officer concerned, who should send them to the Excise Commissioner for disposal. The District Excise officer should weigh the drug on receipt to see that the quantity corresponds with that forwarded by the Magistrate, any discrepancies being reported to the Excise Commissioner. The same instructions apply to cocaine and its preparations confiscated by departmental officers. Phials of cocaine hydrochloride on which the original capsules, bands, etc., of the makers are intact and packets containing not less than ¼ ounce of the drug will be forwarded by the Excise Commissioner to the officer in charge of the Government Medical Stores; while phials in which the original capsules have been removed and packets containing less than ¼ ounce of the drug will be destroyed. "Preparations of Cocaine" other than cocaine hydrochloride will be disposed of as the Excise Commissioner may deem fit.

All cases in which novacain is confiscated should be referred to the Excise Commissioner for orders as to disposal.

13. Liquor confiscated under the Excise Regulation can only be sold to persons licensed to sell the particular description of liquor in question, that is, in the case of foreign liquor to foreign liquor wholesale or retail vendors and in the case of country liquor to arrack independent shop-keepers or vend farmers, if any. It must not be disposed of to the shop-keepers under arrack renters without the consent of the latter. Confiscated liquor should be sold by auction, the upset price being the duty leviable thereon or disposed of without an auction, for any price in excess of the duty.

14. When property not liable to confiscation is seized, the officer inquiring into the case or the Court dealing with the case may, on the close of the inquiry or trial, order the return of the property to the owner or his agent. Should no one appear to receive the property, the procedure laid down in Rules 6 to 8 shall be followed.

Circular Memorandum No. 4470, dated 24th November 1910.

The following instructions in the matter of confiscation under the Mysore Excise Regulation, 1901, which have received the sanction of Government, are issued for the guidance of all officers concerned :—

1. *Powers of confiscation.*—The powers of confiscation vested in the Department under the Excise Regulation are limited to those shown in the third clause of Section 66, namely, when the offender is not known or cannot be found or when anything liable to confiscation, and not in the possession of any person cannot be satisfactorily accounted for.

2. *Execution of orders of confiscation.*—All orders relating to confiscations and to releases of property under the Excise Regulation should, except where otherwise provided for, be carried out departmentally by an officer not inferior in rank to an Inspector. If in such cases the property be in the custody of the Police, the officer in charge of the Police Station should be informed by the Inspector, through the officer executing the orders, if necessary, of their exact nature, and should be requested to return the property to him.

3. *Orders of confiscation.*—(1) All orders of confiscation or of imposition of fines shall be in writing, and shall be filed with the records of the case to which they relate.

(2) All decisions upon appeals preferred against such orders shall also be in writing and a copy of them shall be similarly filed.

(3) The owner of articles ordered to be confiscated and persons offered the option of payment of fines under Section 66 of the Regulation shall be entitled to copies of all such orders and decisions in appeal upon payment of copying fees at the usual rates and of stamp duty under Article 8, Schedule I of the Mysore Court Fees Regulation 19.....

Provided that any officer granting any such copy may remit the payment of copying fees, on account of the poverty of the persons who would otherwise have to pay them or for other sufficient cause.

4. *Disposal of articles in Excise cases departmentally released.*—In Excise cases where the offender is known, but is released with a warning as those of shop-keepers found in possession of country spirits weaker than by more than one degree below the prescribed strength and of persons who appear to have offended through ignorance or inadvertance, confiscation cannot be ordered. If diluted liquor has been seized in connection with such cases, it should, be required as a condition of release that such liquor shall be destroyed before an Excise Inspector or other responsible officer of the Department if the quantity is inconsiderable, or, if it is large, that it shall be sent back to the depot whence it was originally purchased for the purpose of being reblended at the cost of the shop-keeper concerned. As regards other articles seized in such cases, the only course open is to return them to the offender. In any case in which confiscation seems desirable, the offender must be prosecuted.

5. *Disposal of articles in Excise cases released under head IV.*—It is only in doubtful cases which are released for want of proof, that Excise officers are competent to pass order of confiscation. Their careful attention is drawn to Section 65 of the Excise Regulation as to articles liable to confiscation and to the proviso to Section 66 as to the procedure to be adopted.

Circular No. 2930—G. A. D. 377, dated 14—18th November 1910.

To

All Gazetted Officers, Amildars, Deputy Amildars and Munsiffs.

The undersigned has the honor to observe that certificates of giving over and taking charge, or of proceeding on and returning from leave in the case of officers to whom this circular is addressed are not received in this office in many instances till long after the occurrence, and in some instances not received at all, till called for by this office. This throws unnecessary work on this office in issuing requisitions for such certificates (the number of requisitions issued during the last two official years and the three months of the current year being about 280, 270 and 70 respectively), besides putting it to very great inconvenience in not being in possession of up-to-date information regarding these incidents in the services of gazetted and other officers, which information is necessary for several purposes.

To avoid this inconvenience, the undersigned has the honor to invite the attention of all officers to Article 47 of the Civil Account Code, Volume I, which requires that such transfers of charge should be reported *by post of the same day* to the Comptroller, and to request that special attention may be given to this rule in future. This report is required for audit purposes and should be submitted direct by the officers immediately concerned, separate reports being sent to higher administrative authorities through the usual channel as required by departmental rules.

The report may be in the form of a letter, specimen of which is appended below. This cancels the form annexed to this office Circular No. 1918—G. A. 637, dated 17th September 1898, published in Part II of the *Mysore Gazette* dated 29th September 1898.

EXCISE DEPARTMENT.

Notification No. 4469, dated 24th November 1910.

In virtue of the powers delegated to him under clause VIII of Government Notification No 11287—Ex. F. 3-1901, dated 7th January 1902, and in supersession of all rules on the subject, the Excise Commissioner in Mysore hereby prescribes under clause (*o*) of Section 29 of the Mysore Excise Regulation, V of 1901, the following rules for the disposal of articles confiscated under the Regulation and of the proceeds thereof :—

1. When orders are received from competent authority for the confiscation of anything seized or detained under the Regulation, it shall, with all convenient despatch, be sold or destroyed by the person in charge thereof as the officer adjudging the confiscation may direct.

2. When a Magistrate adjudging a confiscation shall, under the second paragraph of Section 66 offer the owner of such thing the option of paying a fine in lieu of confiscation, and if the owner of such thing shall accept such option, he shall be required forthwith to pay such sum as may already have been expended on the safe custody and keep of such thing, and to deposit such further sum as may appear likely to be required for such purposes until the payment of the fine. Ten days shall be allowed for the payment of such fine, within which period, if the fine be paid, the thing shall at once be given up to the owner together with such part of the sum so deposited as may remain unexpended on such purposes. If the fine be not paid within the said period of ten days, the order of confiscation shall be and remain of full effect in the same way as if no option of the payment of a fine had been offered. There shall be no appeal against the adjudication of an optional fine. An appeal may be preferred against the amount of such fine, provided that the fine has been previously paid.

3. No sale of any perishable article ordered to be confiscated shall be postponed on account of the preferring of an appeal against the order of confiscation. The sale of any animal or other thing ordered to be confiscated shall not be postponed on such account unless the owner or his agent shall deposit with the officer ordering the confiscation such sum as such officer may consider sufficient for the keep or safe custody of such animal or other thing pending the result of such appeal. If the result of such appeal be that the order for confiscation is reversed, the owner shall be entitled to receive back the whole of the sum so deposited.

4. If any order that any article be confiscated is reversed on appeal, such article, if it has not been sold before such reversal comes to the knowledge of the officer in charge thereof, or, if it has been sold, the sale proceeds thereof shall be dealt with under Rules 5 to 8 inclusive.

5. Things ordered to be released or their proceeds, if they have been sold, shall at once be given up or paid as the case may be, by the person in charge thereof to the owner or his agent.

6. Should no one appear to receive a thing ordered to be released or the proceeds thereof, the person in charge thereof shall do his best to give notice to the owner of the order of release, and shall cause a notice thereof to be affixed in the village where the seizure of the thing was effected, in the office of the Amildar of the taluk, and in the nearest Police Station to such village.

7. If within two calendar months from the date of the notice no person entitled to receive a thing ordered to be released claim the same and pay all charges incurred on its custody and keep after the date on which the order for its release was notified as herein before directed, it shall be sold; the amount of all charges so incurred shall be credited to Government, and the net proceeds shall be placed in deposit. The same course shall be followed with reference to the proceeds of a thing ordered to be released which has been sold before the receipt of the order of release.

8. If after a further period of two calendar months no person shall have appeared to receive the sum so placed in deposit, it shall be forfeited to Government.

9. The sale proceeds of all confiscated articles shall be paid into the nearest Government Treasury without delay.

10. All confiscated hemp drugs should be sent, by the Magistrate ordering the confiscation, in a sealed package, to the District Excise Officer of the district concerned. District Excise Officers should examine all the confiscated ganja, bhang, etc., and have destroyed in their presence all that is not of good saleable quality. Such as is really good should be forwarded to the Provincial Ganja Stores at Bangalore, whence it will be issued to the Taluk Treasuries for sale to the retail vendors. Care must be taken to weigh the drugs and see that the quantities correspond with those forwarded by the Magistrates, any discrepancy being reported for orders. The ganja confiscated in any case should not be dealt with until the appeal time has expired.

11. Confiscated drugs should be sent by post as far as possible and in cases where large quantities have to be sent and the cost of transmitting them by post is prohibitive, they should be carefully packed and accompanied by a permit.

12. When a Magistrate orders the confiscation of cocaine and its preparations, he should, after the expiry of the appeal time, send them in a sealed package to the District Excise Officer concerned, who should send them to the Excise Commissioner for disposal. The District Excise officer should weigh the drug on receipt to see that the quantity corresponds with that forwarded by the Magistrate, any discrepancies being reported to the Excise Commissioner. The same instructions apply to cocaine and its preparations confiscated by departmental officers. Phials of cocaine hydrochloride on which the original capsules, bands, etc., of the makers are intact and packets containing not less than ¼ ounce of the drug will be forwarded by the Excise Commissioner to the officer in charge of the Government Medical Stores; while phials in which the original capsules have been removed and packets containing less than ¼ ounce of the drug will be destroyed. "Preparations of Cocaine" other than cocaine hydrochloride will be disposed of as the Excise Commissioner may deem fit.

All cases in which novacain is confiscated should be referred to the Excise Commissioner for orders as to disposal.

13. Liquor confiscated under the Excise Regulation can only be sold to persons licensed to sell the particular description of liquor in question, that is, in the case of foreign liquor to foreign liquor wholesale or retail vendors and in the case of country liquor to arrack independent shop-keepers or vend farmers, if any. It must not be disposed of to the shop-keepers under arrack renters without the consent of the latter. Confiscated liquor should be sold by auction, the upset price being the duty leviable thereon or disposed of without an auction, for any price in excess of the duty.

14. When property not liable to confiscation is seized, the officer inquiring into the case or the Court dealing with the case may, on the close of the inquiry or trial, order the return of the property to the owner or his agent. Should no one appear to receive the property, the procedure laid down in Rules 6 to 8 shall be followed.

Circular Memorandum No. 4470, dated 24th November 1910.

The following instructions in the matter of confiscation under the Mysore Excise Regulation, 1901, which have received the sanction of Government, are issued for the guidance of all officers concerned:—

1. *Powers of confiscation.*—The powers of confiscation vested in the Department under the Excise Regulation are limited to those shown in the third clause of Section 66, namely, when the offender is not known or cannot be found or when anything liable to confiscation, and not in the possession of any person cannot be satisfactorily accounted for.

2. *Execution of orders of confiscation.*—All orders relating to confiscations and to releases of property under the Excise Regulation should, except where otherwise provided for, be carried out departmentally by an officer not inferior in rank to an Inspector. If in such cases the property be in the custody of the Police, the officer in charge of the Police Station should be informed by the Inspector, through the officer executing the orders, if necessary, of their exact nature, and should be requested to return the property to him.

3. *Orders of confiscation.*—(1) All orders of confiscation or of imposition of fines shall be in writing, and shall be filed with the records of the case to which they relate.

(2) All decisions upon appeals preferred against such orders shall also be in writing and a copy of them shall be similarly filed.

(3) The owner of articles ordered to be confiscated and persons offered the option of payment of fines under Section 66 of the Regulation shall be entitled to copies of all such orders and decisions in appeal upon payment of copying fees at the usual rates and of stamp duty under Article 8, Schedule I of the Mysore Court Fees Regulation 19.....

Provided that any officer granting any such copy may remit the payment of copying fees, on account of the poverty of the persons who would otherwise have to pay them or for other sufficient cause.

4. *Disposal of articles in Excise cases departmentally released.*—In Excise cases where the offender is known, but is released with a warning as those of shop-keepers found in possession of country spirits weaker than by more than one degree below the prescribed strength and of persons who appear to have offended through ignorance or inadvertance, confiscation cannot be ordered. If diluted liquor has been seized in connection with such cases, it should be required as a condition of release that such liquor shall be destroyed before an Excise Inspector or other responsible officer of the Department if the quantity is inconsiderable, or, if it is large, that it shall be sent back to the depot whence it was originally purchased for the purpose of being reblended at the cost of the shop-keeper concerned. As regards other articles seized in such cases, the only course open is to return them to the offender. In any case in which confiscation seems desirable, the offender must be prosecuted.

5. *Disposal of articles in Excise cases released under head IV.*—It is only in doubtful cases which are released for want of proof, that Excise officers are competent to pass order of confiscation. Their careful attention is drawn to Section 65 of the Excise Regulation as to articles liable to confiscation and to the proviso to Section 66 as to the procedure to be adopted.

1. Read Cash account current; Demand, collection and balance statements; Mortuary return; Progress report of works; Memo of visitors to the Srinivasa Mandiram Library; City Municipal Kannada Schools returns; Langarkhana return; Statement of materials; and Statement of rewards for the destruction of dogs and rats; and Return of prosecutions for September 1910.

Resolution.—Deferred as the Auditor's Report was received late and the cess accounts were not audited.

2. Read Government Proceedings No. 2482-90—Ml. 454-09-2, dated the 12th September 1910, sanctioning, with certain modifications, the budget estimates of the Bangalore City Municipal Council for the year 1910-11.

Receipts.

(1) C-3. Conservancy Receipts.—As the amount actually realized under this head is Rs. 9,909, the figure proposed may stand.

(2) Similarly the revenue under 'Land Revenue' shows an increase of Rs. 135. Hence the original figure may stand.

Expenditure.

The amount allotted under 'Printing' will not at all be sufficient even if the printing of notices and abstract proceedings is undertaken by the Government Press as heretofore. The amount may, therefore, be raised to Rs. 200.

The provision made under 'Lighting' was a clerical error due to oversight. As there are yet 160 kerosene oil lamps to be lit in the City, the amount at Re. 1 per light will come up to Rs. 160 per month, or Rs. 1,920 per annum with supervision charge at Rs. 10 per month. Including contingencies, the total cost amounts to Rs. 2,240.

The provision under 'Drainage' is also insufficient and as the low expenditure was due to the absence of a qualified Engineer, for about eight months in the year as already explained, the expenditure may be raised to the figure proposed.

Under 'Building' no provision is made. As a market at Akkipet is a necessity as also the Octroi Ookads as proposed already, the figure Rs. 9,000 proposed should stand.

Resolution—As the proposals submitted were well considered, Government should be approached to sanction the Council's proposals in their entirety.

3. Read Municipal Engineer's letter No. 517, dated the 10th September 1910, submitting plans and estimates amounting to Rs. 5,249 to open out a road connecting Malleswaram with Seshadripuram.

Resolution.—The lanes and roads in the City require first attention. This heavy estimate may, for the present, stand over.

4. Read Government Proceedings No. 2094-2104—Ml. 151-08-20, dated the 31st August 1910, passing orders on the proposal to reduce the existing rate of octroi duty on tobacco in some of the Municipalities in the Chitaldrug District and directing that the existing practice regarding the mode of taxation requires no modification and may continue.

Resolution.—Recorded.

5. Read Government Proceedings No. 2604-5—Ml. 98-10-4, dated the 14th September 1910, sanctioning the estimate for special repairs of Agrahar Tank Bund road for Rs. 965.

6. Read Government Proceedings No 2836-9—Ml. 375-09-10, dated the 21st September 1910, sanctioning the sale of a piece of land measuring 485½ square yards near the City Railway Station adjoining the Magadi road to the Burmah Oil Company at 8 annas per square yard.

Resolution.—Recorded.

7. Read Government Proceedings No. 2953-5—San. 26-10-6, dated the 26th September 1910, directing the City Plague accounts for 1909-10, being audited by the Special Auditors who are auditing the City Municipal accounts.

Resolution.—Recorded.

8. Read letter No. 3133, dated the 1st October 1910, from the Excise Commissioner in Mysore, forwarding, for the consideration of the Council, a proposal to reduce the number of arrack shops in the City and observing that arrack is only a luxury and not a necessity of life and that an arrack shop is a source of danger in the event of any disturbance and that fewer the number, the better would be the supervision, etc.

Resolution.—In accepting the proposal of the Excise Commissioner, the Board resolves to have the opinion of the Deputy Commissioner and District Magistrate before finally disposing of the question.

9. Read letter No. 624—A., dated the 20th September 1910, from the Secretary to the Polo Club, XX Deccan Horse, conveying thanks to the members of the Council for the courtesy shown to the Club in having refunded thereto a moiety of the lease amount.

Resolution.—Recorded.

10. Read memo regarding the acquisition of shop No. 363, in the Avenue Road, belonging to Dibbur Rudrappa.

Resolution.—The matter is *sub judice.* The Board need not discuss the question.

11. Read the General and Revenue Secretary's docket No. 9937-8—Ml. 338-09-2, dated the 3rd May 1910, forwarding copy of letter No. 4951, dated the 12th April 1910, from the Sanitary Commissioner, suggesting an addition to Section 127 of the Municipal Regulation, with a view to prevent the commission of nuisances in public streets more effectively than at present, and calling for the opinion of the Municipal Council thereon.

Resolution.—There is no necessity for any provision in the Municipal Regulation. The Police have ample powers under the Police Rules.

Circular No. 2930—G. A. D. 377, dated 14—18th November 1910.

To

All Gazetted Officers, Amildars, Deputy Amildars and Munsiffs.

The undersigned has the honor to observe that certificates of giving over and taking charge, or of proceeding on and returning from leave in the case of officers to whom this circular is addressed are not received in this office in many instances till long after the occurrence, and in some instances not received at all, till called for by this office. This throws unnecessary work on this office in issuing requisitions for such certificates (the number of requisitions issued during the last two official years and the three months of the current year being about 280, 270 and 70 respectively), besides putting it to very great inconvenience in not being in possession of up-to-date information regarding these incidents in the services of gazetted and other officers, which information is necessary for several purposes.

To avoid this inconvenience, the undersigned has the honor to invite the attention of all officers to Article 47 of the Civil Account Code, Volume I, which requires that such transfers of charge should be reported *by post of the same day* to the Comptroller, and to request that special attention may be given to this rule in future. This report is required for audit purposes and should be submitted direct by the officers immediately concerned, separate reports being sent to higher administrative authorities through the usual channel as required by departmental rules.

The report may be in the form of a letter, specimen of which is appended below. This cancels the form annexed to this office Circular No. 1918—G. A. 637, dated 17th September 1898, published in Part II of the *Mysore Gazette* dated 29th September 1898.

From—J. S. Chakravarti, Esq., M.A., F.R.A.S., etc., Comptroller to the Government of His Highness the Maharaja of Mysore.

To—The Deputy Commissioners, Treasury Department, of Districts.

Circular No. 3319-26—*Ac.* 385, *dated* 25*th November* 1910.

It has been observed that, under the present arrangements, considerable delay takes place in the annual calculation of the interest due on the Savings Bank accounts kept at the Taluk and District Treasuries in the State and in adding the interest so calculated to the various accounts.

2. The chief causes that now contribute to this delay are the following:—

(i) There is, at present, no uniformity in the taluks as regards the form of the ledger or in the procedure of calculating interest. In some taluks, the same form of ledger as is used in the Comptroller's Office and in the District Treasuries is maintained and the initial calculation (annual) of interest is made in the taluk itself, while, in others, the taluk ledger forms contain no interest column and the initial interest calculation is made in the District Treasury.

(ii) The Taluk Savings Bank transactions are recorded in the ledgers kept in the District Treasuries; under this arrangement, the calculation of interest on each depositor's account and the preparation of annual accounts in respect of Taluk Savings Bank deposits also devolve on the District Treasuries. To remedy the state of affairs described above, as far as possible, the following instructions are issued with the approval of Government.

3. The maintenance of ledgers in the District Treasuries for Taluk Savings Bank transactions serves no useful purpose and results in mere duplication of work. Accordingly, the existing practice of maintaining in the District the duplicates of Taluk Savings Bank ledgers will be discontinued from 1st January 1911.

4. The District Treasuries should write up the current ledgers of Taluk Savings Bank accounts up to 31st December 1910 and send them to the taluks concerned along with the lists of dead accounts and connected ledgers.

5. The Taluk Treasuries should record the transactions from 1st January 1911, relating to Savings Bank accounts kept at them in the ledgers received from the District Treasuries.

6. The Taluk Treasuries should, from 1st January 1911, prepare monthly journals of receipts to and withdrawals from their Savings Bank accounts and submit them to the Comptroller through the District Treasury, which will attach its own journals to the taluk journals and also an abstract showing the aggregate receipts and withdrawals for the whole district for the month.

7. The Taluk Treasuries will, from the current official year, be responsible for the calculation of interest on Savings Bank accounts kept at them and for the submission of annual accounts in Form No. 9 in respect of such accounts.

8. The Taluk Treasuries should obtain in the usual course, from the Stationery Depot, Savings Bank ledger books and other forms for recording their Savings Bank Transactions and for submitting the monthly and annual accounts.

9. The ledgers to be kept in the District Treasuries will, from 1st January 1911, be confined to Savings Bank accounts the transactions of which actually take place at such treasuries.

10. The District Treasuries being responsible for the proper working of their sub-treasuries, will continue to be the channel for submission to the Comptroller of Taluk Savings Bank accounts and for communication of the orders of the Comptroller to the Taluk Treasuries.

11. The District Treasuries should submit to the Comptroller, in original, the annual accounts of Savings Bank transactions rendered by the Taluk Treasuries together with their own annual accounts and an abstract on which Savings Bank transactions of all the Taluk Treasuries and the District Treasuries should be exhibited.

12. At District Headquarters, it is unnecessary to permit Savings Bank accounts to be opened at both the Taluk and District Treasuries. Such accounts at the Taluk Treasuries situated at the District Headquarters are, at present, few, and in four of such treasuries, namely, those at Bangalore, Shimoga, Chikmagalur and Hassan, there are no Savings Bank transactions at all. The numbers of Savings Bank accounts at the other four treasuries on 1st March 1910 were as follows:—

Kolar Taluk Treasury	...	... 128
Chitaldrug Taluk Treasury	...	... 137
Mysore Taluk Treasury	...	... 144
Tumkur Taluk Treasury	...	... 90

These accounts should be transferred to the District Treasuries concerned from 1st January 1911. From that date, there should be no Savings Bank accounts at Taluk Treasuries at District Headquarters and depositors should be directed to go to the District Treasury for opening new accounts or for operating on old accounts.

J. S. CHAKRAVARTI,
Comptroller.

Circular No. 2930—G. A. D. 377, dated 14—18th November 1910.

To

All Gazetted Officers, Amildars, Deputy Amildars and Munsiffs.

The undersigned has the honor to observe that certificates of giving over and taking charge, or of proceeding on and returning from leave in the case of officers to whom this circular is addressed are not received in this office in many instances till long after the occurrence, and in some instances not received at all, till called for by this office. This throws unnecessary work on this office in issuing requisitions for such certificates (the number of requisitions issued during the last two official years and the three months of the current year being about 280, 270 and 70 respectively), besides putting it to very great inconvenience in not being in possession of up-to-date information regarding these incidents in the services of gazetted and other officers, which information is necessary for several purposes.

To avoid this inconvenience, the undersigned has the honor to invite the attention of all officers to Article 47 of the Civil Account Code, Volume I, which requires that such transfers of charge should be reported *by post of the same day* to the Comptroller, and to request that special attention may be given to this rule in future. This report is required for audit purposes and should be submitted direct by the officers immediately concerned, separate reports being sent to higher administrative authorities through the usual channel as required by departmental rules.

The report may be in the form of a letter, specimen of which is appended below. This cancels the form annexed to this office Circular No. 1918—G. A. 637, dated 17th September 1898, published in Part II of the *Mysore Gazette* dated 29th September 1898.

From—J. S. Chakravarti, Esq., M.A., F.R.A.S., etc., Comptroller to the Government of His Highness the Maharaja of Mysore.

To—The Deputy Commissioners, Treasury Department, of Districts.

Circular No. 3319-26—*Ac.* 385, *dated* 25*th November* 1910.

It has been observed that, under the present arrangements, considerable delay takes place in the annual calculation of the interest due on the Savings Bank accounts kept at the Taluk and District Treasuries in the State and in adding the interest so calculated to the various accounts.

2. The chief causes that now contribute to this delay are the following:—

(i) There is, at present, no uniformity in the taluks as regards the form of the ledger or in the procedure of calculating interest. In some taluks, the same form of ledger as is used in the Comptroller's Office and in the District Treasuries is maintained and the initial calculation (annual) of interest is made in the taluk itself, while, in others, the taluk ledger forms contain no interest column and the initial interest calculation is made in the District Treasury..

(ii) The Taluk Savings Bank transactions are recorded in the ledgers kept in the District Treasuries; under this arrangement, the calculation of interest on each depositor's account and the preparation of annual accounts in respect of Taluk Savings Bank deposits also devolve on the District Treasuries. To remedy the state of affairs described above, as far as possible, the following instructions are issued with the approval of Government.

3. The maintenance of ledgers in the District Treasuries for Taluk Savings Bank transactions serves no useful purpose and results in mere duplication of work. Accordingly, the existing practice of maintaining in the District the duplicates of Taluk Savings Bank ledgers will be discontinued from 1st January 1911.

4. The District Treasuries should write up the current ledgers of Taluk Savings Bank accounts up to 31st December 1910 and send them to the taluks concerned along with the lists of dead accounts and connected ledgers.

5. The Taluk Treasuries should record the transactions from 1st January 1911, relating to Savings Bank accounts kept at them in the ledgers received from the District Treasuries.

6. The Taluk Treasuries should, from 1st January 1911, prepare monthly journals of receipts to and withdrawals from their Savings Bank accounts and submit them to the Comptroller through the District Treasury, which will attach its own journals to the taluk journals and also an abstract showing the aggregate receipts and withdrawals for the whole district for the month.
